

## MRS. SHULLEY DIES SUDDENLY ON WEDNESDAY

Mrs. Bertha M. Shulley, 69, wife of Louis Shulley, Orrtanna, died suddenly Wednesday evening at 7:55 o'clock in the offices of Dr. Raymond Hale and Dr. North Sterrett, Arendtsville, following a sudden coronary occlusion.

Mrs. Shulley collapsed walking into the doctor's office and death followed quickly. Dr. C. G. Crist, Adams County coroner, was called and determined the cause of death.

She was born in Adams County, a daughter of the late Albert and Margaret Pepple Lochbaum. She lived in the county all her life and was a member of the Methodist Church in Orrtanna. She was also a member of the WSCS, the Margaret Donaldson Sunday School Class, taught Sunday School for several years and was treasurer of the Sunday School class. She was correspondent for the Hanover newspaper for 32 years and had been employed in seasonal work by the Knouse Foods Cooperative, Orrtanna.

She is survived by her husband, Louis Shulley. The couple was married in 1919. The following children survive: Mrs. Willard Weaver, Gardners R. 1, and Mrs. Harold Hess, Gettysburg R. 3, and three grandchildren. Two brothers, Calvin Lochbaum, and Dorsey Lochbaum, both of Orrtanna R. 1, also survive.

Funeral services from the Bender Funeral Home Saturday at 2 p.m. with the Rev. Norman L. Marden, pastor, officiating. Interment at Flook's Cemetery. Friends may visit the funeral home Friday evening from 7 to 9 o'clock.

## LIBRARY BD. INVITED TO CONFERENCE

Members of the Adams County Free Library board have been invited to attend the second annual Governor's Conference of Public Library Trustees on April 8 in Harrisburg.

In an invitation to C. P. Keefer, president of the county library board, Governor David L. Lawrence expressed the hope that both the president and members of the board would attend the conference. A committee of trustees has helped to plan the meeting.

Governor Lawrence announced that the theme of the meeting will be "Money for Libraries—Sources and Techniques." In his letter to the local board the governor said: "The public library has traditionally been a matter of local responsibility. It should continue as a local agency, locally operated and designed to meet local conditions and needs. Nevertheless, the well-being of public libraries is a matter of state concern, for the success of Pennsylvania's educational program is measured by the ability of our citizens to continue a life-long process of self education and growth. You as a library trustee are faced with the problems of achieving the support your library needs in the face of rising costs and expanding population."

General chairman for the conference will be Albert M. Greenfield, chairman of the Governor's Commission on Public Library Development. "Pennsylvania has neglected its libraries for 40 or 50 years," Greenfield said. "In order to catch up, it will be necessary to almost triple the total expenditures for library purposes. Obviously this will necessitate co-operative effort on the part of both state and locality. The purpose of this conference is to develop practical know-how in both these directions and to review the state program recommended by the Governor's Commission, which would call for an appropriation of five-and-one-half million dollars by the state Legislature in 1961."

The Governor's Conference is the major event in Pennsylvania for observance of National Library Week, April 3-9.

## GHS BANDS TO GIVE NIGHT OF MUSIC FRIDAY

The annual "Night of Music" will be presented at the Gettysburg High School auditorium Friday evening at 7:30 o'clock by the Junior and Senior High School bands under the direction of Robert G. Zeigler.

The program which will include the annual presentation of the Arion music award also will feature selections by a guest trombonist, Jack Cooper, who until recently was a trombonist in the U.S. Army Band.

Before the formal program opens Friday evening there will be selections by the "Music Men," a group of high school students under the direction of William Neal of the faculty.

## Junior Band First

The first section of the program will be given by the Junior High School Band and will include: "Liberty Fleet March," "Golden Glow Overture," "Pan American March," "Beautiful Colorado" with alto saxophone solo by Paul Miller, "United Nations March," "Foster Medley," "My Hero March," "Contrasts in C Minor," "Barcarolle from the Tales of Hoffman" and "Gallant Marines." An intermission will follow.

The Senior High Band's section of the program will open with "Forward for Peace March" and these numbers will follow: "Sleeping Beauty Waltz," "Brooke's Chicago Marine March," "In a Persian Market" and "March from 2nd Suite in F for Military Band."

Cooper, the guest soloist, who has appeared as soloist with Horace Heidt and the Indianapolis Symphony Orchestra and has conducted the Washington Brass Choir, will play "Pan's Revels" and "Vocalise." His piano accompanist will be Edwin Thayer, who plays first horn in the U.S. Army Band.

Then the senior band will play "The Nutmeggers March" and "Relax."

Presentation of the Arion award will be made by High School Principal Clifford Snowberger. The band will play "Balladair," "Birth of the Blues" and "Top Hat" which will be accompanied by routines by GMS majorettes led by Miss Trudy Rowe. The program will conclude with "Huffins" "Them Basses March."

The senior high band will repeat its concert for the Pennsylvania Bandmasters at 2 p.m. Sunday and the public is invited to attend. Cooper also will appear as guest soloist there.

## S. A. DRIVE TO OPEN APRIL 4

G. Marion Stambaugh, chairman for the Salvation Army in Gettysburg, reported today that the Salvation Army local service unit rendered services to 708 individuals, representing families and transients during the past year. This represented food, clothing, meals, medical, fuel for stranded families and other items.

Stambaugh explained that this work was made possible through the proceeds of the annual campaign which is conducted in April in Adams County each year. The 1960 campaign will get underway on April 4.

There are eight individual service units operating throughout Adams County: Abbotstown, Mrs. Naome Meckley, chairman; Biglerville, Miss Jean Thomas, chairman; East Berlin, Mrs. Hazel Hoffman, chairman; Fairfield, Mrs. Otto Kroeger, chairman; Littlestown, Samuel Higginbotham, chairman; New Oxford, Charles E. Slaybaugh, chairman; and York Springs, Mrs. R. L. Pittenturf, chairman.

Local citizens serving on the Gettysburg service unit are G. Marion Stambaugh, chairman, John W. Hewitt, treasurer, Dr. Lloyd C. Keefe, secretary, Jack Bartlett, welfare secretary, Mrs. Roy Hammond, Miss Ellen Miller, Nick A. Meligakes, Mrs. Robert P. Snyder, Atty. Charles W. Wolf and George N. Coshun.

## Conestoga Platoon To Be Organized

Gunnery Sergeant John G. Conway in charge of the U. S. Marine Corps recruiting office in this area announced today the enlistment of a platoon of men from Adams, York and Franklin Counties from now until June 14. It will be called the "Conestoga Platoon" taken from the Susquehannock Indian Tribe which was known as the Conestogas. According to Indian history they were "tall, aggressive and keen of mind." Young men 17 through 26 years of age may apply for enlistment in the platoon. Young women 18 through 30 may enlist in this outfit.

## March Goes Out Like Lamb But New Records, Memories Of "Real Winter" Linger On

March went out like a lamb today but it left behind memories of winter weather and some local weather records that are likely to stand for years to come.

The month was so much colder than any other March here in the last 57 years that there is no close comparison in any year since complete weather records began in 1903.

March's average daily temperature was below freezing for the first time in local recorded weather history. On the average, each day was more than nine degrees below normal temperatures and the springlike weather of the last few days failed to offset low readings taken here through much of the month.

## 27 Freezing Days

The ground was covered with snow most of the month and the first 27 of the month's 31 days saw freezing temperatures here. There were nine days this month that the

mercury did not get above the freezing mark. The low for the month was 7 above zero on March 11. The high was reached Monday afternoon at 73.

The 20 inches of snow this month which did not set any records but made it one of the snowier Marches in recent years exactly equalled the amount of snow measured here in March, 1958.

The 20 inches of snow brought this winter's total here to 33.3 inches but in mountainous parts of the county the total was much higher.

Worse Than '06 And '16  
The month's average temperature of 31.33 degrees is 9.3 degrees below normal. Nearest approaches to that low average came in March, 1906, when the average was 33.8 degrees and in 1916 when the average was 34.9 degrees. In March of last year, the average temperature was 39.5 degrees, only a little more than a degree under normal.

March's 20 inches of snow and the showers of the last two days brought total precipitation which is 1.2 inches below normal. There were five measurable snows this month and they followed an equal number for February. January had only flurries.

The March precipitation brought the total for the first quarter of 1960 up to 8.81 inches, which is 0.13 inches below normal.

## CHECK TEETH OF 1,041 PUPILS THROUGH YEAR

Dental examinations of 1,041 Gettysburg school children just completed by the school dentist, Dr. G. Donald Wickerham, showed that the youngsters averaged two decayed teeth each and only 114 pupils had no decays at all.

That information was disclosed today by the school health service as an announcement was made of plans for the annual "Perfect Tooth Party" for pupils of the first six grades on Wednesday, May 18.

Children in the first six grades will also be given a Dental Honor Roll chevron when they bring to school their "perfect tooth slips" from their family dentists. Friday, May 13, has been set as the deadline for presentation of the "perfect tooth slips."

## Sponsored By Rotary

The "Perfect Tooth Party" is sponsored by the Gettysburg Rotary Club. The feature of the entertainment for the party will be the showing of the Walt Disney film "The Littlest Outlaw."

Although high school pupils are not included in the party plans, they are asked to return their perfect tooth slips so that they can be included in the health service report to the state.

The dental program in the schools now includes examination of students in grades one, three and seven and any new students in any grade who does not have a dental record on file at his school here.

## Chiefly Elementary

The pupils checked this year included 281 in the high school, 531 in the public elementary schools, 24 in the day care center and 205 in St. Francis Parochial School. The examinations were conducted by Dr. Wickerham with the help of the school nurses, Miss Ellen Miller and M. Lucille Brennan.

These statistics were compiled (Continued On Page 2)

## Penn State Singers Sing Here April 29

The Men's Glee Club composed of more than 50 voices and the Varsity Quartet of the Pennsylvania State University will present a concert at 8 p.m. on April 29 in the Gettysburg High School auditorium under the auspices of the Gettysburg PTA. The admission is \$1.

The Penn State Glee Club was organized in 1957. The Varsity Quartet is completing its 59th season.

Frank Gullo, associate professor of music at the university, is director of the club and the quartet.

## Census Begins Tonight In Larger Hotels And Motels

By FRANK CORMIER  
WASHINGTON (AP) — Tonight is T-night, the kickoff of the 1960 census. If you're away from home overnight this is when you'll probably be counted.

"T" stands for transient and T-night means that guests in all the larger hotels and motels will be contacted and asked to fill out a special questionnaire.

The regular door-to-door census begins Friday morning. It will continue for several weeks and will employ 170,000 temporary workers.

Uncle Sam is spending about 118 million dollars to make the census. The result will be a statistical portrait of the nation that will help government agencies and private businesses make plans for the future.

## 35 CHAIRMEN AT WEDNESDAY CANCER DINNER

The annual Crusade dinner and training meeting of the Adams County unit of the American Cancer Society was held at the Shelter House Wednesday at 6:30 o'clock preparatory to the start of the annual campaign for \$10,000 Friday.

Thirty-five county chairmen were present for the session at which President Sterling Musselman introduced Robert McCoy and Attorney Gerald R. Walmer as co-chairmen of the annual drive.

Musselman said McCoy will head the drive in Berwick, Conowingo, Cumberland, Fairfield, Freedom, Germany, Gettysburg, Hamiltonban, Highland, Liberty, Littlestown, McSherrytown, Mt. Joy, Mt. Pleasant, Oxford and Union. Walmer will be in charge in Abbotstown, Arendtsville, Bendersville, Biglerville, Butler, East Berlin, Franklin, Hamilton, Huntingdon, Latimore, Menallen, New Oxford, Reading, Straban, Tyrone and York Springs.

## Dr. Wolff Speaks

Dr. Bruce N. Wolff reported on the services of the Cancer Society and its tumor clinic. He illustrated his talk with slides showing cancer in various stages and the cure of cancer found in early stages.

He emphasized that research in cancer is the most important phase of the work at the present time and said the Adams County unit provided \$5,610.04 toward research work last year.

Walmer and McCoy distributed 1,126 kits for workers. The kits had been filled by Den 2 of Cub Pack 73 of Gettysburg under supervision of den mother, Mrs. Sterling Musselman. They told the workers that the most important part of their work is to see that information on cancer danger signals is in the hands of everyone in the county so that counties may learn to detect the onset of cancer and thus secure the early treatment which may lead to a cure.

## Dinner On Friday

Mrs. Earl Shears was a special guest. She represents Pennsylvania in the Curied Cancer Album presented by the American Cancer Society to Mrs. Dwight D. Eisenhower at the White House Monday.

McCoy and Mrs. Shears will meet with representatives of the state divisions of the society with Governor Lawrence at Harrisburg Friday. The Crusade chairmen will then meet with former Governor George L. Leader who is the 1960 state Crusade chairman.

At 6:30 o'clock Friday evening a dinner will be held at the Penn-Harris Hotel at which a presentation of the drama "Years of Hope" will be shown, officially opening the 1960 Cancer Crusade. Mrs. Shears will be guest of honor at the dinner. Others from Gettysburg who will attend will be Mr. Shears, Miss Marian Shears and Mrs. Edward Ward, daughters of Mr. and Mrs. Shears; McCoy, Mrs. Henrietta Blocher and Mrs. Richard Lighter.

## Presbyterians To Use Nearby Church

The Lower Marsh Creek Presbyterian Church has begun the work of excavation under the church building for the installation of a new furnace. Early in the work the old furnace will be removed.

The congregation will hold its Sunday School and worship services in the Upper Marsh Creek Church of the Brethren until their own church is again ready to use. This church is on the banks of Marsh Creek and can be reached from the Knoxlyn Rd. near the Marsh Creek bridge. The Presbyterian services will be held in the afternoon so as not to interrupt the program of the host church. Sunday School will be at 1:30 and worship service at 2:30 p.m.

## YOUNG PEOPLE COMMENDED BY MRS. HORTING

By JOHN KOENIG Jr.  
Associated Press Special Service  
WASHINGTON (AP)—The head of Pennsylvania's large delegation to the White House Conference on Children and Youth today hailed the activities of young people in her delegation.

Mrs. Ruth Grigg Horting, state secretary of public welfare, noted that for the first time since 1909 when the first decennial conference was held, youth under 21 years has been given full responsibility with adult delegates.

Of the 350 Keystone State representatives attending the week-long conference here, 39 are youth delegates, said Mrs. Horting.

Secretary Horting is co-chairman of the state's delegation with Gov. David L. Lawrence. The governor, however, is not attending the lengthy sessions spread over many locations in Washington.

**Draft Recommendations**  
The state's delegation meets today to draw up in final form its own recommendations to be presented to the full White House conference.

Mrs. Leon Wohlgenuth, a Beaver, Pa., mother of two, said she found the sharp clashes in her workshop on delinquency between law enforcement spokesmen and social welfare workers "exciting."

"As a laywoman, allied with neither side, I can help play the role of peacemaker and bring better understanding to both of them," Mrs. Wohlgenuth said.

Miss Lucy Ogden Norton, of Erie, said conference discussions had revealed considerable dissatisfaction with restrictions on youth employment. But she said proper safeguards against exploitation of child labor is one of the major problems to be solved.

Family mobility was the topic of the workshop attended by Dr. Kathryn L. Dice, director of special services in Pennsylvania's Department of Public Instruction. Dr. Dice found adults and youths delegates approached the problem from opposite directions.

## LAND RETURNS TO DEATRICK

Ownership of a 4.69-acre plot in Cumberland Twp., taken by the federal government for an Army Reserve Center, has been returned to Ralph C. Deatrack, according to papers filed Wednesday at the office of the county register and recorder.

According to the order handed down by the U.S. Middle District Court and filed Wednesday, ownership of the land has been "re-vested" in Deatrack and the \$12,000 the government posted with the district court to pay for the 4.69 acres is being returned to the U.S. treasurer.

The government took the land by condemnation December 29, Cumberland Twp. officials protested that use of the particular site for an Army Reserve Center would destroy plans for housing developments in the area by blocking off potential street sites.

The result of the protest was return of the land to its original owner.

Other deeds filed included transfer of the Dobbin House from Charles E. and Susan W. Bergdoll, Lower Windsor Twp., York County, to the Gettysburg Battle-field Diorama, Inc., for \$25,000. Bergdoll had purchased the property from John D. Jr. and Elizabeth Lippy in 1955.

Charles A. and Catherine G. Tate, Idaville, sold to Janet C. and Elmer L. Barrick, Huntington Twp., for \$200 a property on the Peach Glen-Gardners Rd. in Huntington Twp.

## Writers' Guild Reinstates Trumbo

HOLLYWOOD (AP)—The Writers Guild of America has reinstated screen writer Dalton Trumbo, who was blacklisted in 1947 after he refused to answer questions at a congressional hearing about his feelings on communism.

Guild President Curtis Kenyon said Trumbo had been on suspension for nonpayment of dues. He said the guild has an anti-Communist clause, but only for those who admit being party members.

## BOY, 12, LIKED 'CHUTE JUMP

ANAHEIM, Calif. (AP)—Nick Neely, 12, says of the jump that made him perhaps the world's youngest parachutist, "Sure, I'll do it again."

Nick, who stands 4 1/2 feet and weighs 70 pounds, jumped from a plane at an altitude of 3,500 feet and landed 28 yards from a target at Skylark Field in nearby Elsinore Wednesday. He had been preparing for that jump a year.

His parents, Mr. and Mrs. Roland Neely, watched him land unhurt in soft sand.

"If this is what he wants, I won't try to stop him," said his mother.

"I won't either, now that the worst is over," his father added.

## Engagements

MISS WENSCHHOF

Mrs. Harry Bruce Wenschhof, 266 Barlow St., has announced the engagement of her daughter, Kitty Louise, to Richard Virgil McBee, son of Mr. and Mrs. Virgil McBee, Aspers.

Miss Wenschhof is a graduate of Gettysburg High School with the class of 1955 and is a member of Beta Sigma Phi Sorority. She is employed as secretary to George W. Miller, secretary-manager of the Gettysburg Motor Club.

Mr. McBee is a graduate of Biglerville High School with the class of 1951 and served four years with the U. S. Air Force. He graduated from Williamsport Technical Institute in February where he served on the student council. He is now employed at the adding machine division of the National Cash Register Co., Ithaca, N. Y.

The couple will be married May 7 in St. James Lutheran Church.

**Bailey—Fries**  
Mr. and Mrs. Julius Fries, Belle Harbor, N. Y., have announced the engagement of their daughter, Marion Louise, to John Bailey, the son of Mr. and Mrs. Schaffer Bailey, of Thurmont.

Miss Fries was graduated from St. Francis de Sales Academy, Belle Harbor, and St. Agnes' Seminary, Brooklyn. She is a senior at St. Joseph College, Emmitsburg, where she is a nursing major.

Her fiancé is an alumnus of Thurmont High School and St. Mary's College. He is a teacher at the Hereford High School, Hereford, Md.

## TRAIN RESCUE CREW

Twenty members of the Gettysburg Fire Department Ambulance and Rescue Squad attended instruction in first aid and ambulance operation Wednesday evening at the engine house. Instructors were Mrs. Michael Tate, Mrs. Philip Hughes, Donald Staub and Donald Jacobs. The instruction was one of four scheduled for the group. Monday night 25 other members of the corps received first aid instruction. Next Monday and Wednesday instruction will be on rescue equipment.

NEW YORK (AP)—The Board of Education is considering the introduction of a four-year course in Russian in the city's junior and senior high schools. The program will probably get under way next September.

PALMER, Mass. (AP)—For a few minutes Wednesday, James Lynch, 18, was a millionaire. He brought a \$25.26 registered check at the Palmer National Bank but a faulty machine wrote the amount as \$1,000,025.26. A teller discovered the error and Lynch returned the check.

## Amish Offered Grace Period To Raise School Standards

HARRISBURG (AP)—Amish claquemen, who went to jail rather than send their children to a public school they claim is too worldly, have been offered a grace period free of prosecution to bring their own school up to Pennsylvania standards.

Pennsylvania Atty. Gen. Anne X. Alpern Wednesday offered 11 families a three-to-five year grace period. She said: "We will accept full responsibility for all that is worked out." In effect the proposal would give the Amish school the same status as parochial schools.

The plan is subject to approval of the Amish Education Committee. Miss Alpern asked for an answer by April 12.

## Chairman Optimistic

Aaron E. Beiler, chairman of the committee, said he would make no commitment until a full study of the proposal is made. He added he is optimistic.

Under terms of the proposal the 14 children involved would be required to attend classes 5 1/2 hours daily, 5 days a week, 180 days a year. They now attend class a half day each week in their farm home school near Honey Brook in eastern Pennsylvania.

## DOUBTS UNION CAN INCREASE PRICE OF EGGS

TRENTON, N. J. (AP)—Gov. Robert B. Meyner said today he has some doubts that the Teamsters Union can help New Jersey egg farmers get higher prices.

Meyner refused to make any comments about Teamster President James Hoffa, who appeared personally before a thousand egg farmers in Atlantic City Tuesday night to start organizing efforts.

"All I can say is the law in New Jersey is going to be enforced," Meyner said. "I would hope any organizing efforts would be within the law."

## In Desperate Plight

The governor told a news conference many poultry farmers in New Jersey are in a desperate plight and are looking for some method of avoiding complete insolvency.

"But I have some doubts as to whether the concerns of egg producers come within the orbit of unionization," Meyner said. "It is difficult to see how an organization of this type would be helpful or effective."

Meyner noted that teamster union attempts to organize dairy farmers several years ago failed to bring them any help.

The governor said he didn't think it was a state function to encourage or discourage unionization.

## Ten Handicapped Persons Employed

During 1959 ten handicapped persons were accepted for employment in Adams County after receiving physical and vocational re-training by the state Bureau of Vocational Rehabilitation.

The ten trainees were among 446 placed in gainful jobs in the bureau's Harrisburg district. A total of 5,878 handicapped persons underwent rehabilitation training during the bureau's fiscal 1959.

The training included counseling and guidance, physical restoration, prosthetic appliances and some type of vocational training. Medical, psychiatric, surgical, dental and other treatment, together with hospitalization, was also provided.

Roses require more than normal moisture. Overhead sprinkling in the morning hours is most satisfactory.

## THOMAS BROS. STORE MARKS ANNIVERSARY

Thomas Bros. department store, Biglerville, is celebrating its fiftieth anniversary with a store-wide sale which closes Saturday.

N. C. Thomas, one of the founders, continues active despite his age, 80. His partner was a brother, the late G. R. Thomas.

The store is one of the few remaining general stores. The establishment has been publicized in several newspapers and magazines.

Actually, the business is 51 years old, but has been in its present location for five decades. The original establishment opened a year earlier, 1909, in a building across the street from its present location.

Housed in a three-story building which N. C. Thomas helped construct, the store has been used for community events, including a supplementary school and a theater.

The store occupies most of the basement and the first floor. Two sisters assist their father in the management of the business, Miss Jean Thomas and Mrs. C. William Harbaugh. They are graduates of Gettysburg and Wilson Colleges, respectively. Mrs. Harbaugh also attended the graduate school of retail merchandising at New York University.

A graduate of the Lancaster business school, Mr. Thomas worked for ten years as a bookkeeper for the George B. Cresson Company in Philadelphia prior to entering into business with his brother.

## Emmitsburg

## SEEK FUND FOR FIRE TRUCK

EMMITSBURG — The Vigilant Hose Company is conducting a fund-raising campaign to purchase fire fighting equipment.

More than 1,200 letters and questionnaires have been mailed to property owners and other citizens of the Emmitsburg area explaining the reason for the fund drive.

Estimates of the cost of a new pumper range from \$12,000 to \$15,000.

It was pointed out that the drive, which is an annual affair, needs support of the residents of the area since improvement to the fire hall completed earlier this month required about \$7,500 in company funds.

A company spokesman said that in order to complete the improvements to the fire hall, sums set aside for the purchase of the new piece of equipment had to be used. Improvements included a new cement floor, and minor alterations.

Frank S. Topper, chairman of the fund drive, said that letters have been sent to all persons who have contributed to the company in former years. A financial statement is also included in the letter.

John S. Hollinger, chief, pointed out that for the past three years the company has averaged about 32 men responding to each fire. The company has a membership of 90. Hollinger said that a new pumper is badly needed since the two present pumps are getting quite old and at least one should be replaced. The other piece of equipment is a service and rescue truck.

## Emmitsburg

MRS. RALPH LONG  
Hillcrest 7-2231

EMMITSBURG — President Joseph W. Sullivan of the Emmitsburg Baseball Association today announced that a meeting will be held at 2 p.m. Sunday in the VFW annex at which a manager will be named. All players and prospective players and interested individuals are urged to attend.

Residents of the Corporation of Emmitsburg have the opportunity to register for the coming election any day except Sunday from now on until 10 days prior to the election, the commissioners announced today. Elections will be held Monday, May 2. A mayor and one commissioner will be elected.

The PTA of St. Joseph High School will sponsor a bake sale to be held on Saturday in the fire hall at 10:30 a.m.

An April Fool's dance will be held in the auditorium of the Emmitsburg High School on Friday, sponsored by the Jaycees for teenagers of the community. Dancing will be by records from 8:30 to 11:30 o'clock.

Plans for the annual Flower Show to be held in the Methodist parish hall on May 18 were discussed at a recent meeting of the Silver Fancy Garden Club held at the home of Mrs. E. L. Annan. The theme of the show is "There's Music in The Air Schedules," prepared by Charles B. Shaughnessy, were distributed to members. Iris will be the featured flower of the show and the color scheme green and white. Mrs. Allen Feeser is general chairman.

### "HEAVENLY BALLET"

Tonight the stars are dancing... like elves upon the green... I am enthralled and truly blest... to vision such a scene... the key stage glows with wonder... clouds form a velvet frame... and in the center of it all... the moon spotlights each dame... how thrilling is the tempo... of the violin breeze... the magic of its music... puts my heart at ease... I'm seated in the orchestra... in nature's tender arms... surrounded by the splendor... of her enchanting charms... listening, watching, waiting... for each pirouette... as the swirling stardust... forms a silhouette... tonight I will remember... for many and many a day... because I saw the stars perform... a heavenly ballet.

## FRANCE PUTS ATOMIC AREA "OFF LIMITS"

PARIS (AP) — France today placed its vast atomic testing area in the Sahara Desert off limits to aircraft starting Friday morning, a necessary prelude to a second atomic test blast. It was the second such move in the past 24 hours.

A previous off-limits warning was issued Wednesday and lifted early this morning.

The new alert goes into effect at 5:45 a.m. Friday (11:45 o'clock tonight EST).

The French have been ready for some time to conduct their second atomic test. However, it was felt they would not do so while Soviet Premier Nikita Khrushchev is visiting France.

Premier in Paris Khrushchev returned to Paris today from a six-day tour of the provinces and resumes top-level talks with President Charles De Gaulle tonight.

Only Wednesday Khrushchev expressed his opposition to further atomic tests by France, or anyone else. His reaction to any French atomic test while he is in the country would likely be acid.

Today's flight ban is in effect only 3 hours and 5 minutes. A defense ministry spokesman said there had been no test explosion, but declined to say whether one had been planned and canceled or if it was only a test alert.

## Priest Selected 'Man Of The Year'

WILLIAMSPORT, Pa. (AP) — The Rev. Francis J. Corcoran, 27, was selected as man of the year Wednesday night by the Williamsport Junior Chamber of Commerce.

Father Corcoran ministered to victims of a plane crash which killed 25 persons near Montoursville last Dec. 1. He was taken to the rugged Bald Eagle Mountain area by helicopter and later walked out with a rescue party.

Father Corcoran, a native of Williamsport, is assistant pastor of the Mater Dolorosa Catholic Church.

The plaque was presented by Cmdr. William R. Anderson, who was the commanding officer of the nuclear-powered submarine Nautilus when it made its historic trip under the north pole. Anderson now is assigned to the Pentagon in Washington.

## TRACE FIREBUG BY ODD BOOK

PITTSBURGH (AP) — An odd-colored book has led to the arrest of a 15-year-old boy on charges of setting two fires at St. Bernard's Catholic Church in suburban Mount Lebanon.

Witnesses have told police they saw a boy with such a book in the church vicinity just before the second fire Monday. Police checked schools until they found one that issued the odd-colored books. From there they traced the book to the boy Wednesday.

The first blaze last May 10 caused an estimated \$35,000 damage. Monday's fire damaged a drapery.

Police said the youngster, whose name was not made public, admitted setting both fires.

## Capture Two After Running Gun Fight

UNIONTOWN, Pa. (AP) — Two men were in jail today and a third was at large following a shot - marked chase at nearby Brownsville.

FBI and state police continued their search for William Shaffer, 35, formerly of Pittsburgh. They said he is wanted in Ohio on an armed robbery charge.

Alfred Riley, 37, of Brownsville, and his half-brother, Robert Loc-kett, 30, of LaBelle, were held in Uniontown City Jail.

Shaffer was spotted by state police Sgt. H. M. Jaynes Wednesday night. In the ensuing gun battle several bullets lodged in Jaynes' car. No one was injured.

## MILK PRICE TAKES DROP ON FRIDAY

HARRISBURG (AP) — The price of home-delivered milk drops a penny a quart through most of Pennsylvania Friday.

The annual spring adjustment in prices will affect all but the Pittsburgh, Reading and Johnstown-Altoona areas. In these three areas the drop will be one-half cent.

The seasonal adjustment will lower the cost per quart of milk delivered to your doorstep to 25 cents in Philadelphia and its suburbs, Erie, Harrisburg, Johnstown-Altoona and York; to 25½ cents in the Lehigh County, Williamsport and Reading areas; to 24½ cents in the Lancaster area; to 26½ cents in the Pittsburgh market, and to 26 cents in the Schuylkill County and Scranton areas. At the store, the price per quart is a penny less.

Dealers in the Johnstown-Altoona, Pittsburgh and Reading marketing areas successfully pleaded with the State Milk Control Commission against the fully penny reduction in price this year. The Pittsburgh and Reading dealers had asked there be no change this spring.

The lower prices through the spring and summer months reflects the cheaper costs of production when cows are in pasture.

The costs will be raised again Sept. 1, except in the Lancaster and Philadelphia markets, where the adjustment will be postponed until Oct. 1.

## Her Endowments Go On Chorus Line

LAS VEGAS, Nev. (AP) — Coed Sandy Cherniss, whose 41-24-37 measurements distracted male students at San Francisco City College, is getting a chance to prove her distraction is an attraction.

The Sahara Hotel is putting her in the chorus line on a week's tryout basis.

If she measures up—talent-wise—she gets the \$250 a week job permanently, a hotel spokesman said.

Sandy drew national notice recently when San Francisco City College officials complained her natural endowments were diverting male students from their studies.

BOSTON (AP) — Philip Demers, 19, has received nearly 100 pints of blood since he was burned over 80 per cent of his body in a gas tank explosion last Friday. Doctors at Massachusetts General Hospital said today he has a fair chance to live although there is no record case of a patient surviving with so much skin burned away.

## 3,000 Soldiers Seal Off Negro Settlements As Race Turmoil Mounts In S. Africa

By RICHARD KASISCHKE

JOHANNESBURG, South Africa (AP) — Three thousand armed white soldiers and sailors sealed off two big Negro settlements near Cape Town today as South Africa's embattled white supremacy government sought to check mounting racial turmoil.

The navy men formed a cordon around the Nyanga township while the army encircled Langa. Nobody was allowed to enter or leave the settlements.

Prime Minister Hendrik Verwoerd carried out his threat to use regular armed forces to prevent new Negro demonstrations after rounding up 234 leaders of the campaign of defiance against the government's race laws. Some white liberals and Indians were among those arrested.

Convoy Moves In

A big army convoy moved into this metropolis, 800 miles north of the parliamentary seat of Cape Town, amid rumors that Negroes were planning a march on Ft. Johannesburg Prison, where many of their leaders are held.

The South African Parliament met through the night in Cape Town to speed action on legislation for the outlawing of the African National Congress, the Pan-Africanist Congress and other organizations accused of plotting a "massive revolt."

The government has already assumed wide powers under the state of emergency proclaimed Thursday for most cities and towns, including the right to arrest anyone in the interest of public safety. The regulations include provision for bans on the two chief weapons used so far by Negro leaders in their campaign against the government — work stoppages and demonstrations.

To Use Force

With South Africa's 10 million Negroes forming the hard core of the nation's labor force, the emergency regulations make it an offense to organize a work stoppage or for anyone to stay away from his job with the intention to cause "general dislocation or disable any industry or undertaking."

Magistrate and police officers are empowered to ban meetings or processions—the only exceptions being church meetings, school classes and funerals of persons who have "died from causes other than violence."

The proclamation warns that force may be used if any gathering fails to disperse after three commands in a loud voice.

30,000 Demonstrated

The armed forces were called out in the Cape Town area after 30,000 Negroes demonstrated there Thursday under the barrels of police guns. Police held their fire, and the demonstrators eventually dispersed quietly.

Mrs. Elizabeth Wible, home economist for the Metropolitan Edison Company, and her assistant, Miss Esther Craft, presented a program on "Plug-in Cooking" to a group of "Ladies' Day Out" members and friends at their meeting Wednesday morning. Mrs. Wible will present a second program next Wednesday at 10 o'clock at the YWCA. Her subject will be "Rx For Happier Homemaking," the fundamentals of planning a modern kitchen and modernizing an old kitchen. She will also show a technicolor sound film, "Meet Mrs. Swenson," the story of a family converting a "white elephant" house into a livable home. All members and friends are invited to attend.

CHICAGO (AP) — The nation's traffic accidents killed 2,370 persons in February, the first time in three months that the toll was lower than in the corresponding month a year ago, the National Safety Council said today.

Last month's toll was 50 less than in February 1959 and was the lowest for any February since 1955 when 2,319 persons were killed. The council said severe weather last month probably held down traffic in many parts of the nation.

## FINDS A PARKING PLACE

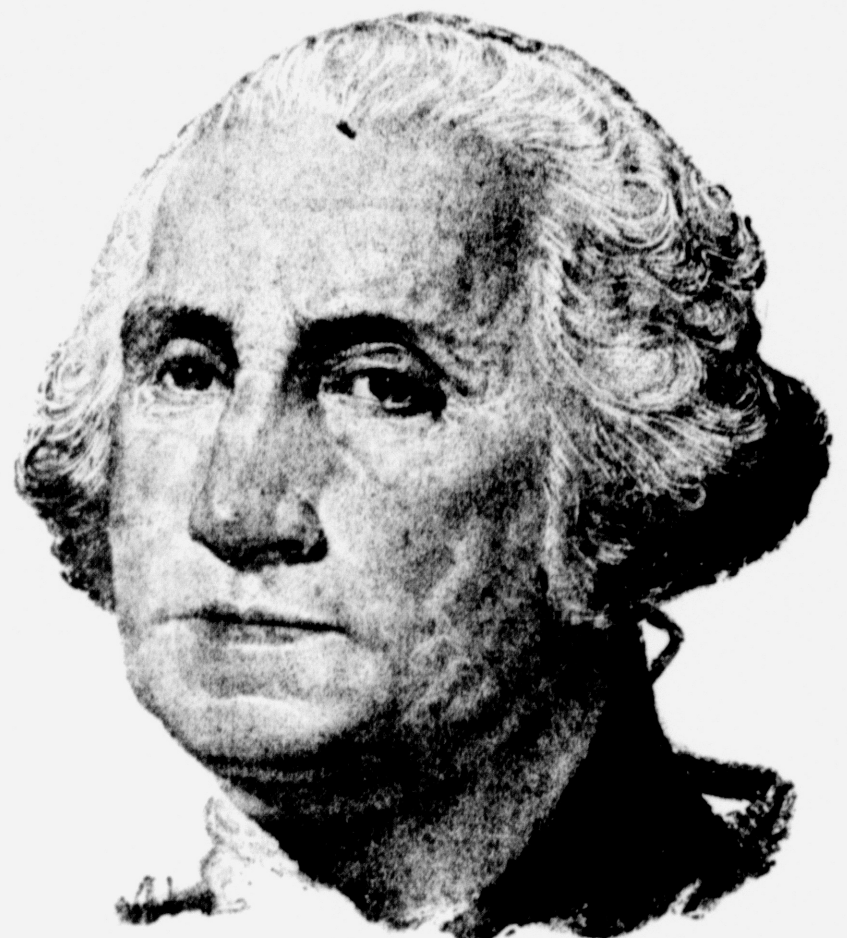

NEW HAVEN, Conn. (AP) — This driver was really in a hurry to find a parking place. The rear end of his car projected out over the New Haven Railroad tracks, which run through the city. A freight was halted while the car was moved.

## MR. PRESIDENT

by Patrick and Vinmont

GEORGE WASHINGTON

Born February 22, 1732, near Fredericksburg, Va. Son of a wealthy landowner. Attended school six years. Boyhood ambition was to be a sailor. Surveying an estate was his first job. At the age of 19 was a major in the Virginia militia. For seven years he served as colonel under General Braddock during the French and Indian War.

For 15 years he was a large-scale planter. In his military, business and social life he was punctual and a stickler for form, with an aristocratic manner.

A member of the Virginia House of Burgesses and the Continental Congress, he was appointed Commander-in-Chief of the Revolutionary army. After six hard years of stern, courageous leadership of 300,000 starved and ragged Continentals, he forced the surrender of Cornwallis and the British at Yorktown.

Chosen president of the Philadelphia convention which adopted the Constitution, 1787, by unanimous vote of the electors he was made the first President of the United States. Inaugurated on April 20, 1789; re-elected for a second term, which began March 4, 1793.

At the close of this tenure, he retired to his home at Mount Vernon, where he died December 14, 1799, aged 67—an immortal, first in the hearts of his countrymen.

## JOHN ADAMS

First Vice-President of the United States. Born 1735. He successfully defended British soldiers on trial for shooting citizens in the famous Boston Massacre. He was a member of the 1st and 2nd Continental Congress, one of the signers of the Declaration of Independence, Commissioner to France, 1777-79, Minister to Great Britain, 1785. In a close contest, he was chosen the second President of the United States. Died 1826.

## MRS. GEORGE WASHINGTON

Martha Dandridge was born in Virginia in 1732. She was reared in an atmosphere of wealth and culture. As Mrs. Daniel Parke Custis, she was a wealthy widow, with two children, at the age of twenty-two. Her country estate was known as the White House, and it was there she married Colonel George Washington in 1759. When the residence for Presidents was being built, it was her husband's suggestion that it be called the White House in honor of her Virginia home.

Accomplished, fascinating and fond of ceremony, her entertainments at Mount Vernon were world famous. During the Revolutionary War, she sewed and knit for the soldiers and frequently accompanied her husband in his campaigns. In the Executive Mansion in New York City, and later in Philadelphia, she presided with grace and dignity, establishing a wise precedent for successors. She died in 1802.

### TWENTY YEARS AGO

**J. Elmer Musselman Marks 78th Birthday Anniversary; 56 Years Service In Bank Record For State:**

J. Elmer Musselman, vice president and trust officer of the First National Bank of Gettysburg, is today quietly observing his 78th birthday anniversary. One week ago today Mr. Musselman completed 56 years of service in the same bank, said to be the longest continuous service in one bank in the state.

Mr. Musselman entered the service of the bank 27 years after it was organized in 1857 as the Farmers and Mechanics Savings institution. He was born in Fairfield, March 28, 1862, one year before the battle of Gettysburg. He graduated from Gettysburg college in 1883 and entered the bank the following year.

**Counties Get Bounty Fund Of \$257 From State:** Adams counties received bounty payments totaling \$257 for noxious animals caught during February. It was announced today by George D. Bretz, game protector for this area. Bounties were paid on 90 weasels and 53 gray foxes.

**Lions Are Given High Ratings In This Region:** Announcement that the Gettysburg Lions club stands high in contest ratings for district and region competitions with other Lions clubs was made the weekly meeting of the local club on Monday evening.

**George L. Baugher Heads Local Elks:** George L. Baugher, Aspers, was elected exalted ruler of the Gettysburg lodge of Elks at the annual election of officers Monday evening. He succeeds H. T. Jennings.

**Rotary Elects Five Directors; Film Is Shown:** Five directors to serve the Gettysburg Rotary Club for a year were elected at the club's weekly luncheon meeting at the Y.W.C.A. building, center square, Monday evening. The members of the new board are Dr. R. S. Saly, E. F. Strausbaugh, James P. Cairns, Howard Musselman and Frederic E. Griest.

**Illuminated Statue Of "The Madonna" To Overlook Mt. St. Mary's College:** The executive committee of Mt. St. Mary's Cemetery association has announced that plans are under way for the erection of a high illuminated statue of "The Madonna" on the site of the old "Church on the Hill" on the mountain plateau overlooking Mt. St. Mary's college, Emmitsburg. The historic "Church on the Hill," in which the founders of Mt. St. Mary's and St. Joseph's colleges worshipped one hundred and thirty years ago, was destroyed by fire on July 4 nearly three decades ago.

On this site, according to present plans, a 30-foot statue of "The Madonna" will be mounted on a granite base 75 feet high. Illuminated at night with arc lights it is estimated that it will be visible from 40 to 60 miles away.

**Need 50 Women To Make Shawls:** With the arrival this morning of 22½ pounds of black wool yarn at Adams county Red Cross headquarters, a call for 50 volunteers to crochet one circular black shawl each for use of European war refugee women was issued.

**Sunday Coldest March 24 In 34 Years; In 1939 The Day Was Hot:** The coldest March 24 in Gettysburg in 34 years kept most of the local Easter finery at home while stinging winds from the north and east made winter garb much more comfortable and popular. The low for Sunday was 14 degrees and the highest reading taken at any time during the day was exactly 32 degrees so that freezing weather held forth throughout the day. Gettysburg weather records show that Sunday was the second coldest March 24 since records have been kept here and is second only to a record

## Today's Talk

**BITS OF YOU AND ME**  
Every day of our lives wherever we come in contact with people, we leave behind something of ourselves — small bits, it is true, but little by little we give ourselves away, as others give those small bits of themselves in exchange, to us. This is the way friends are discovered and then treasured, often for a lifetime. What greater investment for anyone?

People are always distributing themselves here and there, with bits of themselves, in turn, remaining. It is a wonderful experience. It enriches both giver and receiver.

I pay my tribute to every author who has produced a book into which he has scattered bits of himself throughout. What a multitude there are whose love has sponsored and honored a great book. I have a volume in my library, on the preparation of which the writer told me he had spent 15 years. It is spotted with bits of the author. Have you ever noted how Shakespeare has left himself all through his plays. Those thoughts of his sparkle like a full night of stars. I have modestly collected first editions of books that had an intimate appeal for me. Like those by Rumer Godden. All her books, however, carry genius. They delight me.

Tomorrow Mr. Adams will talk on the subject: "With A Clean Mind"

## Just Folks

**LITTLE FOLKS**  
Little folks are honest folks,  
Free from cunning scheming;  
There is truth within their eyes,  
Truth and wondrous dreaming.  
They are never false to friends,  
They are never hateful;  
Who for little people spends,  
Finds them always grateful.

**Little folks are gentle folks,  
Brave and sunny-hearted;  
Wonderful their friendship is  
Once you have it started.  
None can lure their love away,  
Rich he be or clever;  
If a child's your friend today,  
He's your friend forever.**

**Little folks are folks of faith,  
In the good believing;  
Vicious is the hand that leads  
Them to ways deceiving.  
When they look into your eyes  
As you stoop above them,  
Do you wonder, gray-beard wise,  
Why it is you love them?**

## STATE ROAD PLAN CALLED INADEQUATE

PHILADELPHIA (AP) — The Chamber of Commerce of Greater Philadelphia today asked federal intercession in the state's highway program, which it calls inadequate.

The present "traffic jam planning" would tie up the federal interstate defense highway system in Pennsylvania, said James B. Summy in letters to Bertram D. Tallamy, administrator of the U.S. Bureau of Public Roads, and State Highways Secretary Park H. Martin.

Summy handed similar letters to the two as they prepared to address the opening meeting of the 36th annual convention of the Assn. of Highway Officials of North America. Summy is a member of the chamber's Traffic Council.

**Widen Turnpike**  
Martin and Tallamy were asked to meet to adopt measures the chamber said were omitted from the state's 12-year highway program.

These measures were widening the entire Pennsylvania Turnpike, extending the Schuylkill Expressway to Erie, providing for Philadelphia's Tacony-Palmira Expressway and the Allegheny River Expressway from Pittsburgh to Brookville.

of 12 degrees which was set in 1906.

**Guise Locates Missing Signs:** With several borough signs listed as missing and complaints on hand from some local business places that signs have disappeared, Chief of Police Glenn Guise made a tour of "Old Dorm" and McKnight Hall on the Gettysburg college campus this morning and removed a varied assortment of about a dozen signs.

## JET EXPLODES IN MIDAIR AND 3 LOSE LIVES

By BOB STARR

LITTLE ROCK, Ark. (AP) — A six-engine jet bomber exploded over Little Rock today, showering flaming wreckage and death in its plunge near the state capitol.

An Air Force spokesman reported three crewmen were killed. At least one civilian man died in a house fire touched off by debris. A woman was reported trapped in her burning home.

One airman parachuted to safety but was burned seriously.

The B47 jet was on an early morning mission from Little Rock Air Force Base, a Strategic Air Command installation.

Reports persisted that the jet collided with a light plane over the small town of Mayflower, 15 miles north of Little Rock, and roared on into Little Rock.

**Seven Homes Destroyed**  
At least seven frame homes were destroyed as portions of the bomber dug a fiery 25-foot grave near the capitol building.

Bodies of two crewmen were pulled out of fuselage wreckage which crashed into a house in the fashionable Pulaski Heights district, two miles from the capitol.

It was there that Mrs. A. L. Clark, an elderly woman, was reported trapped in her flaming home.

An Air Force spokesman at a command post set up at the crater near the capitol said a third airman's body had been recovered.

**Four Were Aboard**  
The air base said four crewmen were aboard. One, 1st Lt. Thomas G. Smoak, parachuted into the residential area. He was taken to Arkansas Baptist Hospital, his condition serious.

Other crewmen were Capt. Herbert J. Aldridge, Lt. Col. Reynolds J. Watson and Staff Sgt. K. E. Brose. Home towns were not released.

The body of the civilian, Jimmie Grove, 26, was recovered from his home near the eight-foot deep crater dug by part of the plane. Nothing was left of Grove's house except the foundation.

**Flames Hamper Firemen**  
Firemen said three homes near the capitol were so badly seared by flames that they didn't see how anyone could survive. Rescue work was hampered by flames which took firemen several hours to control.

The Air Force had no word of a collision. Neither did the air control tower at Adams Field, Little Rock's municipal airport. The control tower reported the jet was the only plane it knew of in the vicinity.

**ALBANY, N. Y. (AP)** — Traveling state employees who give tips will get the money back from the state, starting today. Comptroller Arthur Levitt announced the rule change. It's expected to cost the state \$400,000 a year.

## Scribe Believes Nixon Has Hard Campaign Ahead

By JAMES MARLOW

Associated Press News Analyst  
WASHINGTON (AP) — At least a couple of things seemed settled — but not quite — in this otherwise rather quiet political week.

On Monday Vice President Richard M. Nixon told a Nebraska audience he would not run for the presidency on the record of the Eisenhower administration alone but would have an expanded program of his own.

And Wednesday President Eisenhower told a news conference Nixon would be "absolutely stupid" to try to run on his administration's record alone. But what remains unsettled is this:

1. Just how far can Nixon depart from Eisenhower's view of things—since too much difference might look like criticism — and still expect vigorous support from the President in the campaign?

**Farm Program**  
2. Just what kind of program of his own is Nixon going to think up? He is trying to get a farm program different from the administration's, or so it seems. And he has listed some points he says will be issues in the campaign.

But there is still a haze—although it's too early to expect him to get specific yet, with the campaign still months away—over how he is going to make his thinking look new or different from Eisenhower's.

Nixon himself said last January at a Chicago dinner that, "great as are our domestic problems, the national security and foreign policy transcend them all. Then he

proceeded to defend the Eisenhower performance in both fields.

**Outlines Five Ideas**  
Since the Democrats have been continually critical of Eisenhower's vision in national defense, Nixon should be in a bit of dilemma saying much that is different from the President in this field.

He can't join the Democrats in their criticism and he can't very well propose what the Democrats suggest without appearing to agree with them.

He outlined to the dinner five areas of the administration's record which probably will play a major role in his campaign although exactly what his position on each will be is something he has to figure out:

1. Education: The American system is the best in the world, he said, "but inadequate classrooms, underpaid teachers and flabby standards are weaknesses we must constantly strive to eliminate."

**Overhaul Farm Program**  
That's all been said before. The question is: How? And right there Nixon seemed to follow the Eisenhower line. He cautioned that federal programs must not infringe upon state and local responsibility.

2. Agriculture: On this he said "there is no higher legislative priority than a complete overhauling of obsolete farm programs under which the prices farmers receive for major farm production continue to go down and the costs to the taxpayers continue to go up." But Nixon still hasn't

## Nuclear Test Ban Drafted At Camp David Presented To Reds At Geneva Today

By MICHAEL GOLDSMITH

GENEVA (AP) — The United States and Britain today offer the Soviet Union their counterproposal for a ban on most nuclear test explosions and a short-term moratorium on the test.

The plan, worked out by President Eisenhower and British Prime Minister Harold Macmillan, was to be introduced at the resumption this afternoon of the three-power test ban conference.

The conference recessed last week to await results of the Eisenhower-Macmillan meeting at Camp David, Md.

The Western plan calls for a detailed system of international controls to be worked out before a test ban treaty is signed. In the 17 months delegates of the three nations have been meeting here, considerable progress has been made on a control organization,

Macmillan.

The Prime Minister was reported to have told U. S. Secretary of State Christian A. Herter and other officials Monday:

1. Britain is deeply concerned over plans of the six-nation common market, headed by France and West Germany, for an 18-month speedup in its program of internal tariff reductions.

2. These plans, if put in effect as scheduled July 1, would cost Britain up to 500 million dollars worth of foreign exchange earnings annually.

3. In such a situation Britain might be faced with the necessity of reintroducing discrimination against dollar imports and cutting her military commitments in Europe.

**Two Nations Upset**  
4. Politically, Britain might be compelled to lead a sort of alliance against the lineup of France and West Germany.

This version of what took place in confidential British-American exchanges already has upset the French and West German governments.

A Foreign Office spokesman issued a qualified denial. He said: "We cannot go into details of confidential discussions. The published account nevertheless contains a number of evident inaccuracies."

3. Unemployment: He called for programs in which "areas of chronic unemployment can be restored to healthy, productive units of our economy."

**Unemployment Problem**  
Only Wednesday a special Senate committee of Democrats and Republicans said unemployment is a grave national problem requiring comprehensive remedial action. But they disagreed on how to handle it.

4. Social Security: Nixon said there is need for "more adequate methods for protecting the aged, the unemployed and the disabled."

Wednesday Eisenhower opposed any compulsory insurance system to provide medical care for the aged. In this field Nixon may break away from Eisenhower's thinking. But that's for the future to show.

5. Labor-management disputes: Nixon said these must be dealt with "so that the public interest may be more adequately protected but without controls which would stifle the productivity of our free enterprise system."

This will require some neat doing. Figuring out how ought to take up a lot of Nixon's time.

## Phillies Will Depend On Youngsters; Shakeup Year

By JACK HAND  
Associated Press Sports Writer  
CLEARWATER, Fla. (AP) — This is shakeup year for the Philadelphia Phillies. Manager Eddie Sawyer is toying with a lineup that would include only two of last year's regulars.

"We're going to go with the kids as much as possible," said Sawyer. "We got rid of a lot—Richie Ashburn, Willie Jones, Gene Freese, Ray Semproch, Chico Fernandez, Carl Sawatski. Most of the new players are kids, except for Alvin Dark. You need experience of the right kind in an infield."

### Herrera At Second

One of Sawyer's key experiments has been using Pancho Herrera (.329 at Buffalo) at second base. Although he is 6-3, 225-pound converted first baseman, he hasn't been doing a bad job and is hitting over .400.

Eddie Bouchee (.285) is the first baseman. If the Herrera experiment fails, George Anderson (.218) would return to second. Joe Koppe (.261) at short and Dark (.264) at third will be the infield with Ted Lepcio (.280 at Boston and Detroit) as a spare. Only Bouchee and Koppe were regulars last year with the Phils.

### Del Greco In Center

Bobby Del Greco (.286 at Buffalo), who has flunked previous trials with several clubs but still is only 26, may be the center fielder. Johnny Callison (.299 at Indianapolis), the Chicago White Sox's touted rookie of last year, might displace Harry Anderson (.240) in left. Wally Post (.254) is a third 1959 regular who may have his old job in right field but he has competition from Bobby Gene Smith (.217 at St. Louis), Dave Philley (.291) and Tony Curry (.314 at Williamsport).

Jim Coker (.287 at Buffalo) was farmed out a year ago for steady work with the idea that he would be the No. 1 catcher this year. Clay Dalrymple (.230 at Sacramento), acquired in the draft, is fighting for a job. Valmy Thomas (.200) is the Phils' only experienced catcher.

The Phils' best pitcher, in won and lost percentage, won't join the club until the Boston Celtics finish their basketball season. He's Gene Conley (12-7) the elongated right-hander. Robin Roberts (15-17) is ready to carry a heavy load again. Curt Simmons, who spent part of 1959 in Williamsport after an arm operation, was the best looking pitcher on the staff in the early games. Jim Owens (12-12) and Don Cardwell (9-10) are the other sure starters with Johnny Buzhardt (.4-5 with Chicago) and Ruben Gomez (.3-8) possibilities.

Dick Farrell (1-6) probably will head the relief corps with Jack Meyer (.5-3), Humberto Robinson (.2-4) and rookie Hank Mason (12-3 at Buffalo).

The 1959 Phils were last in the standings, last in batting and last in fielding. No wonder Sawyer is shaking them up.

## Big Car Races At William Grove

WILLIAMS GROVE — Heavy-footed champions of the U. S. Auto Club's two big car divisions—Tommy Hinnershitz and Don Branson—will square off in a battle of skill, wits and courage this Sunday.

The arena for the speed duel between the country's two top-ranking chauffeurs will be the Williams Grove Speedway where Owner Roy Richwine will stage the first USAC sprint car card of the 1960 season in the east.

The hazardous game between the two champions will be a special match race—an "each man for himself," winner take all event—played between the pair in the cockpits of high-powered racing cars.

Embarking on his thirty-first colorful year in the sport, Hinnershitz is the perennial Eastern favorite from Reading—holder of the eastern crown seven times, and will be observing his 48th birthday next Wednesday. By comparison, Branson at 39 in a "youngster" and comparative newcomer with 13 years in the sport to his credit. Branson clinched the 1959 Midwestern crown last year and made his first successful defense of his title on March 20 by setting a new track record in winning the feature race at Houston, Tex.

The family name of Jones comes from Jones, which is the Welsh word meaning "the son of John."

## EACH NFL CLUB TO HANDLE OWN TV PROGRAMS

CHICAGO (AP) — The National Football League will continue its past television policy of each club arranging its own program despite a possible package deal setup by the new American Football League.

Ending a two-day meeting Wednesday the NFL agreed unanimously not to negotiate any TV package "in view of present uncertainty of the legal interpretation of applicable federal laws."

Commissioner Pete Rozelle said serious consideration had been given to package TV because of financial benefits. "It was argued that such an arrangement by a league or association involved exclusivity and allocation of areas, and in view of the present uncertainty of the legal interpretation of applicable federal laws, no risk of violation should be taken until this matter is clarified," he added.

The AFL announced last week it had a 56-game TV package for sale to either the National Broadcasting Co. or the American Broadcasting Co.

AFL Commissioner Joe Foss said Wednesday night in Dallas he had not discussed a package with the networks and sponsors.

The Phils' best pitcher, in won and lost percentage, won't join the club until the Boston Celtics finish their basketball season. He's Gene Conley (12-7) the elongated right-hander. Robin Roberts (15-17) is ready to carry a heavy load again. Curt Simmons, who spent part of 1959 in Williamsport after an arm operation, was the best looking pitcher on the staff in the early games. Jim Owens (12-12) and Don Cardwell (9-10) are the other sure starters with Johnny Buzhardt (.4-5 with Chicago) and Ruben Gomez (.3-8) possibilities.

## PERKINS WINS BY TKO ROUTE

CHICAGO (AP) — Chico Rollins' effort to make an impressive showing in his national TV ring debut was marred Wednesday night by a gashed left eyebrow.

The New York lightweight was kept from answering the bell for the seventh round in Chicago Stadium because of the cut and Chicago's Eddie Perkins gained a technical knockout victory.

The eyebrow was cut in the fourth round and bled profusely. Dr. John Pribble of the Illinois Athletic Commission examined the wound and told Referee Frank Sikora to halt the fight.

It went as a seventh round TKO for Perkins boosting his record to 17-7. The defeat was Rollins' second in 12 starts.

Perkins weighed 137½ to 136½ for Rollins.

## SCORES SIXTH CUP SHUTOUT

By THE ASSOCIATED PRESS  
Cleveland goalie Gil Mayer doesn't push the panic button in a Calder Cup hockey playoff series.

The veteran goalie got his sixth Calder Cup shutout Wednesday night, blanking the Rochester Americans 2-0 to give his team a 1-0 lead in the best-of-seven semifinal series. American Hockey League champion Springfield also took a 1-0 lead in its series with Providence, winning 3-1.

Mayer, who shut out the Americans on their home ice twice during the regular season, made it No. 3 while turning aside 22 Rochester shots. Greig Hicks scored one goal for Cleveland and Bill Dineen added the other.

Springfield took a 2-0 lead in the first period on goals by Dennis Olson and Bill Sweeney. Kent Douglas added the third while Stan Baluk scored for Providence.

Cleveland and Rochester resume their series Friday night in Rochester. The other two clubs play Saturday night in Springfield.

## Mules Will Play Nine Grid Games

ALLENTOWN—Muhlenberg College will play a nine-game football schedule this fall, it was announced today by "Berg Athletic Director Ray Whispell. The Mule card lists four games at home and five on the road, and features a brand-new opponent, Lycoming College. The Warriors will replace Hofstra and will initiate their grid rivalry with the Cardinal and Gray at Muhlenberg Field on October 29.

The schedule: Sept. 24, Albright, home; Oct. 1, Lafayette, away; Oct. 8, Temple, home; Oct. 15, Lebanon Valley, away; Oct. 22, Gettysburg, away; Oct. 29, Lycoming, home; Nov. 5, Scranton, away; Nov. 12, Franklin & Marshall, home; Nov. 19, Moravian, away.

## OLYMPIC CAGE TRIALS BEGIN

DENVER (AP) — Denver becomes the showcase for some of the finest basketball ever played tonight as 96 of the nation's top amateur players start shooting in the opening round of the 1960 Olympic Trials.

Berths on the U.S. Olympic team and a trip to Rome await 12 of the best when the action ends Saturday night.

There will be talent to spare before sellout crowds of 12,000 fans at the Coliseum the next three nights. The opening round shapes up like this (times EST):

7:30 p.m. — Akron, Ohio, vs. Armed Forces All-Stars.

9 p.m. — Ohio State vs. NAIA All-Stars.

10:30 p.m. — Bartlesville, Okla., vs. NCAA University All-Stars.

Midnight — Peoria, Ill., vs. NCAA All-Stars.

There's little to choose between any of the teams. All have height, strength, scoring punch and experience. All have able coaches who have termed their squads dream teams.

The Sox joined Philadelphia for the trip to San Juan for a three-game weekend series opening Friday night.

Wynn reported the chronic ailment has settled in his left hip and thigh. He was treated by a physician Wednesday.

## BOXER TURNS TO CATHOLIC PRIESTHOOD

PITTSBURGH (AP) — Just 12 years ago, Matt Daugherty was an up-and-coming welterweight, headlining fight cards in Illinois, Massachusetts and Florida.

Today, that same Matt Daugherty is a Roman Catholic priest.

Father Daugherty, 40, was one of 11 men ordained Friday at St. Paul's Cathedral here. He will celebrate his first mass Sunday at St. Theresa's Church in nearby Perryville.

"I guess some people would be surprised that I became a priest," said the short, muscular clergyman. "I knew my mother was. When I first told her about it, she just couldn't believe it. You know what I mean . . . a kid who was scrapping all his life."

Father Daugherty, a native of Ashland, Wis., turned to the boxing ring while still a student of journalism at Marquette University. Then, after serving in the Navy during World War II and while still boxing, he suffered an eye injury which almost made him blind. The injury however was not suffered in the ring.

"I guess the idea of becoming a priest came when I was convalescing in a hospital after my eye operation," Father Daugherty said. "Father Gerald Brennan, the regent at Marquette University, came to visit me and said I should consider a religious vocation."

Father Daugherty said that during the weeks and months lying in the hospital bed he thought about the suggestion by Father Brennan. When he was released, his mind was made up.

Dressed in the vestments of a priest, Father Daugherty commented: "It was a decision that takes time to make. Being a priest is the greatest thing in the world."

## CUBS ACCLAIM LOU JOHNSON, YOUNG ROOKIE

By JACK STEVENSON  
Associated Press Sports Writer  
MESA, Ariz. (AP) — Again the Chicago Cubs came up with the rookie sensation of the Arizona spring baseball training camps — outfielder Lou Johnson.

He survived a beaming, a team bus accident and six seasons in the lower minor leagues to get his big chance and he's making the most of it.

Wednesday, as the Cubs clouted the San Francisco Giants 13-10, Johnson collected two singles and a home run in four times at bat, boosting his average to .355. He leads the club in runs-batted-in with 13 and in doubles with 5.

Altman Was Ace  
Last season George Altman drew the spring raves with the Cubs and went on to be a regular outfielder. This time it could be Johnson winning a starting spot in right field. Both George and Lou came to the Cub organization in a 1955 transaction with the Kansas City Monarchs Negro club.

In 1959, Johnson batted .316 with the Class A Lancaster, Pa., club of the Eastern League and finished the season with 30 games at San Antonio batting .327 in the AA Texas League.

That brought an invitation to the Cubs' instructional rookie camp here.

"I looked in the papers and saw all the outfielders the Cubs had. So many in front of me and I was worried," the 25-year-old outfielder recalls. "But I decided I'd try to show them all I had."

First Trial In 1953  
Forty-two prospects reported to the rookie camp with Johnson and Sammy Drake the only two still with the parent club.

Johnson's first experience in organized baseball came in 1953 when the New York Yankees signed him and farmed him to the Olean, N. Y., club. His season ended abruptly when he was felled by a pitched ball.

The next year he played part of the season with a club in his home town of Lexington, Ky., and in 1955 saw service in the Pittsburgh chain. Released again, he went with the Monarchs and then to the Cubs.

With Ponca City in the Sooner State League, a Class D outfit, Johnson's misfortune continued. A station wagon used as a bus to carry players overturned en route to Muskogee, Okla. Johnson lost a part of one ear and was out of action for a month.

Lou continued in Class D as late as 1958 when he batted .365 with Paris, Ill., of the Midwest League. But that season sent him on his way up baseball's ladder.

\$15,000 Tourney Will Open Today  
WILMINGTON, N. C. (AP) — The \$15,000 Azalea Open Golf Tournament, which has been gaining a reputation as a conditioner of Augusta Masters champions in recent years, opens today.

The 72-hole tournament runs through Sunday over the par 72, 6,651 yards of the Cape Fear Country Club course.

Arnold Palmer, the year's leading money winner, and Mike Souchak, are passing up the Azalea in favor of practice at Augusta.

Art Wall, who won here last spring and followed with an Augusta victory a week later, has been shelve with a bad knee. But most of the other top pros are in the record field of 150.

In nine of its 11 previous years the tournament here has come a week ahead of the Masters. Four times players in the top 10 here went on to win at Augusta.

## L. U. Collins And Son Marks Diamond Jubilee Year With 'Open House' On Saturday

L. U. Collins and Son, Gettysburg, Pa., celebrates the 75th anniversary of the founding of the business this weekend with an "open house" in its modern show rooms, four miles south of here along the Littlestown Rd., near Two Taverns.

For the "diamond jubilee" celebration, the firm will have on display the latest American-Standard plumbing fixtures and boiler and baseboard heating equipment.

The "open house" hours are 2 to 10 p.m. Saturday.

There will also be Hallmack accessories, American kitchen cabinets, new Myers submersible and Olympian Ejecto pumps and water softeners, Kohler and Case fixtures, Grote medicine cabinets and many showroom specials on new and used equipment.

**Prizes To Be Given**  
An attractive list of prizes is being offered "open house" visitors and the premiums include an American Standard powder room ensemble or disposer, a Hallmack medicine cabinet, a Lafayette lawn sprinkler, Hallmack lavatory legs and towel bars and a Stasco white commode seat.

Among Adams County's oldest established businesses, L. U. Collins and Son started in business in 1885 with the installation of the first water pumps in the area. Taking advantage of these years of experience, the business has grown into a general heating and plumbing business that serves a wide area. The business has a fleet of three trucks and a staff of well-qualified and experienced workmen.

The business is now being operated by Mrs. William Collins, wife of a third generation member of the Collins family in the pump and plumbing business. She has operated the business since the tragic deaths in August, 1956, of her father-in-law, L. U. Collins, and her husband.

Three quarters of a century ago the first water pump in this area was installed by William Collins, father of the late L. U. Collins and the founder of the business. Since then thousands of pumps have been installed in homes and on farms and business properties by the Collins firm.

As pumps became more modern and more highly mechanized and as modern plumbing became big business, the Collins firm kept pace with that progress and broadened its field of operation to install the best in plumbing and then extended its service to include heating plants.

**Johns Is Manager**

Through the years the name of Collins has been synonymous with good products, good service and fair dealing and the present management is dedicated to perpetuating the name and reputation of L. U. Collins and Son in this area.

Daniel W. Johns has been manager of the business since last July 1. He has been engaged in the plumbing, heating, pump, air conditioning and kitchen modernization field for the last 30 years. His experience covers fields allied to the plumbing and heating busi-

## AMISH TO USE THEIR SCHOOLS

HARRISBURG (AP)—Atty. Gen. Anne X. Alpern's plan to allow Amish families to send their children to their own state-approved school is based on a report by a Public Instruction Department official.

Dr. Genevieve Bowen, an elementary school specialist, reported her observations after visiting a two-room Amish school near Honey Brook, Chester County, on Tuesday.

Dr. Bowen said she found that classes at the Amish school are held only on Tuesday mornings and last three hours. Thirty minutes is allotted to scripture and music, an hour for arithmetic, an hour for social studies and reading, and 30 minutes for spelling and reports on home study.

Instruction is in charge of Miss Lydia Fischer, about 40. Dr. Bowen said Miss Fischer had gone to the eighth grade only.

She added classes were held in unventilated rooms where the temperature was nearly 90 degrees.

Asked about this, Aaron E. Beiler, chairman of the Amish Education Committee, said the schoolhouse would be brought up to standards so as not to endanger pupils' safety.

## MONITOR TO APPEAL OUSTER

WASHINGTON (AP)—Lawrence T. Smith, fired after he refused to resign as a court-appointed Teamsters Union monitor, says he will appeal his ouster to the U.S. Court of Appeals.

Smith said he knew of "no conceivable reason" for his dismissal and added he could be removed only for cause. He has been voting against Monitor Chairman Martin F. O'Donoghue on method for cleaning up the Teamsters Union headed by James R. Hoffa.

U.S. Dist. Judge F. Dickinson Letts Wednesday ordered Smith's immediate removal as a monitor. He gave no reason, but said he acted after Smith rejected the judge's request that he resign.

Smith, a New York attorney, has taken the position that the monitors were focusing almost all their attention on steps aimed at removing Hoffa from the union's presidency.

Smith contended that as a result the monitors have neglected other work—especially complaints from union members about the way their officials have conducted union affairs. He said O'Donoghue's methods "will let Hoffa and the worst hoodlums escape justice."

ness such as laundry and dry cleaning plant installations and maintenance as well as high pressure steam boiler and piping work.

"This knowledge and experience are available to all our customers, merely for the asking," Mrs. Collins said. "We like to feel there is no problem that can't be solved and no heating or plumbing installations so inferior that they cannot be brought up to better standards by our workmen and know-how."

"We have all the equipment needed for customer convenience and service, including financing arrangements. If you're considering a new kitchen or bath, plumbing alterations or water system installations, call L. U. Collins and Son at Edgewood 4-1267 or stop in at our headquarters along the Gettysburg-Littlestown Rd."

For "do-it-yourselfers" L. U. Collins and Son can furnish layouts and field guidance along with the best of materials.

The firm's combination showroom, parts department and warehouse shop was opened six years ago as part of the firm's steady expansion program.

Repair, supply and service work are other L. U. Collins and Son specialties.

## Rightful Status Due Submarines

NEWPORT NEWS, Va. (AP)—A submarine is a ship and not a boat and furthermore it is a first line ship of the Navy, says Rear Adm. Frederick B. Warder, Commander Submarine Force, Atlantic.

He has requested officers and crew to refer to them as submarines or ships, reviving the old Navy adage: It's a boat if it can be carried by a ship.

Early submarines were small craft originally called torpedo boats, which could be hoisted to docks or aboard ships, and were a far cry from today's submarines.

FLORENCE, Ala. (AP)—For Mrs. Jim E. Campbell, tragedy came in triplicate. Her son Doug, 23, lost a leg in an automobile accident, and her son, Charles, 30, suffered a broken leg in the same accident. While she was checking on the injuries, she was notified that her son, Billy, 14, had fallen from a tree. Both his arms were broken.

## TWO-TRAILER PLAN DRAWS DISAPPROVAL

HARRISBURG (AP)—Proposals to allow a truck tractor to pull two trailers have met with a cool reception from Pennsylvania Turnpike officials.

Turnpike regulations limiting the total length of a tractor-trailer to 70 feet presently prohibit the double-trailer rigs which are about 100 feet long. The limit for public roads is 50 feet.

"We feel it would be too big a vehicle for us to safely handle," said a commission spokesman who asked not to be identified.

**Safety Questions**  
Although the trucking associations have not asked the commission for an official ruling, the spokesman said several companies have asked the commission's position.

They were told, he said, that in view of the safety and comfort of non-truck traffic, the commission did not favor the proposal at this time.

**OK In Some States**  
Double trailers are allowed on turnpikes in some other states such as New York, Ohio, Indiana and Kansas, but the Pennsylvania toll road has the special problem of two-lane tunnels.

Traffic jams at some of the tunnels during peak periods have

brought a number of complaints in the past.

"If they think we had tunnel congestion in the past," said the spokesman, "what would it be like

if those behemoths were allowed on the road?"

The Pacific Ocean covers 64 million square miles;

The cost of a college education has doubled in the last fifteen years. By 1970 experts estimate a college degree may cost as much as \$20,000.

## Ike Looks Forward To "Different" Summit Talks

By JOHN M. HIGHTOWER  
WASHINGTON (AP) — President Eisenhower is looking forward to a different kind of summit conference at Paris next May.

He wants some sessions to provide for strictly private conversations among himself, Prime Minister Harold Macmillan of Britain, French President Charles de Gaulle and Soviet Premier Nikita Khrushchev.

The President's interest in getting the Big Four to "explore each other's minds" emerged at his news conference Wednesday. His statements to reporters also developed another intriguing prospect for the future:

### Caretaker Role

The Eisenhower administration seems destined to become increasingly in its closing months a kind of caretaker government. Eisenhower did not use any such term as that but in replying to a question about the possibility of a second summit conference late

this year, he noted that more and more questions would arise about his ability to make commitments running beyond the end of his term next January.

At the same time, however, he left no doubt that if a crisis should arise he intends to take whatever measures are necessary to meet it.

But Eisenhower's own concept probably means that at the Paris conference he will be looking for ways to solve only the more immediate East-West problems and in such a way that there would be little doubt of his successor's interest in carrying on.

### Serious Question

Whether from a practical point of view there are such possibilities, with respect to the long deadlocked issues of German reunification, the future of West Berlin and the major problems of disarmament, is a serious question which only the four men at the summit can answer.

It seems likely that another effect of the terminal date on the President's powers may be to inhibit the administration from embarking on any bold new course or trying any fundamentally new initiative in negotiations with the Soviet Union.

The last summit conference was held at Geneva in 1955. The meetings were larger than those the President would like to see at least on some occasions at Paris.

### Deplored By Ike

While the leaders of the United States, Britain, France and the Soviet Union met informally at

By MRS. HELEN TUNISON  
County Home Economist

Adams County women are invited to attend Extension Homemakers Week on the University Park Campus of the Pennsylvania State University from June 27-30. The eighth annual event will have an attractive program geared to the interest of all women.

Classes in many subjects are scheduled for two days with each class running two to two and a half hours. Some of the 34 dif-

ferent classes will be offered four times, others one to three times. Homemakers may choose the classes they wish to attend.

University staff and faculty members and persons off the campus will conduct the classes that cover a wide range of topics related to personal development and family and community life.

Other features on the three-day program include tours, a chicken barbecue, informal get-togethers and a banquet. Miriam E. Lowenberg, College of Home Economics at the university, will speak at the Tuesday evening general session, and Dana Still, Clarion State College, will be the banquet speaker.

Details of this eighth annual state-wide meeting may be obtained from the home economist at the Agricultural Extension Office, Courthouse.

### Veneer Furniture

A piece of veneer furniture may be superior or inferior to one made of solid wood. While several poorly made veneers are used in furniture construction, a good quality veneer is superior to a poor quality good wood.

Both solid wood and veneer furniture have good features. Some advantages of solid wood furniture are:

The wood is solid. When damaged, it can be thoroughly sanded without going through to another layer of wood. There is no layer effect on the edges of tables or other furniture and no surface layer to loosen or peel off as it sometimes does in poorly constructed veneer furniture.

The wood may be carved or turned to give a variety of decorative effects.

Good features of veneer furniture include: It is usually less expensive than the better grades of solid hardwood furniture and it is available in larger pieces than solid wood.

Because of its construction, veneer usually had greater strength than solid wood furniture of the same weight and thickness and is less likely to shrink, warp, or split when nailed. With the glues used today, there is less chance of veneer layers separating under normal conditions.

### Gear Cooking Method

Now is a good time to take a close look at the fish counter in food stores. Many stores are featuring a wide variety of fresh and frozen fish, a food that's a good source of high quality protein and is often easy on the budget.

Fish is easy to prepare, but for best results, follow a few basic rules. Most important, avoid overcooking. Cook fish until it may be flaked easily from the bones. This will leave the flesh moist and tender, yet bring out the flavor.

Gear the method of cooking to the fish variety. Steaming and boiling are generally best for lean fish, such as haddock and cod. Their flesh is firm and not likely to fall apart while cooking. Baking and broiling are good methods for preparing fish with a high amount of fat, such as salmon or halibut. Their fat content helps keep them from drying out during cooking. Both fat and lean fish are suitable for frying.

For variety, serve different sauces with fish. A tartare, a tomato, or a cream sauce peppered up with horseradish or mustard is tasty with fried fish. Creole and cheese sauces go well with baked fish. A Newburg or cream sauce with hard-cooked eggs is delicious with boiled fish.

on you."

### No Complaints

There's not been a single complaint since the service began. "I'm very proud that I've never been late," the boss said.

Her husband, a molding superintendent, serves as business manager.

Most of the 35 customers are men. There are milkmen, cab

drivers, floral designers, clerks and factory workers. And there are mothers who say, "It's worth a dollar just to be able to get the kids off to school."

Until recently the Danenfeser service was the only one in Indianapolis, but the idea is spreading. Now five wake-up

papers. "I've received calls from about wide. Williamsburg the restored colonial capital of Virginia, is about a mile long and a half-mile

one."

## UNIQUE NEW SERVICE BOON TO SLEEPERS

INDIANAPOLIS (AP)—"Would you rather lose two hours' work because you oversleep, or spend a dollar a week to make sure you're there to greet the boss when he comes to work?"

With this logic, Mrs. Jean Danenfeser explains why her service for sleepheads has become a thriving enterprise, not only for her but for several women in Indianapolis who copied it.

### A Party Idea

Several months ago Mrs. Danenfeser and her husband were at a party. She complained she would have to get to bed because as a neighborly gesture she was responsible for waking a couple of neighbors.

"Why don't you start charging for the service?" asked Danenfeser, who didn't want to leave the party.

Today the Danenfeser "Wake-Up Service" has 35 customers and is growing.

Mrs. Danenfeser, the company's president, arises at 3:30 a.m. "I have my coffee and get awake myself before making my calls," she says.

### A Busy Phone

For the next few hours, her telephone probably is one of the busiest in town.

"My conversation with the clients depends on how sleepy they are," she says. "I usually give them the temperature and weather report and anything I think will make their day brighter."

"If they seem tired, I tell them, 'I'm gonna call back and check

# Denies Claim Salk Vaccine May Have Doomed Humanity

BOULDER, Colo. (AP)—A University of Oregon biologist says the Salk vaccine may have doomed humanity. But Dr. Jonas Salk, who developed the vaccine, promptly denied it.

Dr. Aaron Novick said Wednesday it "is not inconceivable that we will lose an entire generation, perhaps even humanity" through use of the vaccine.

Salk was quoted by the Rocky Mountain News in Denver as saying the theory on which Novick based his statement was "not of any moment."

Novick is a director of the Institute of Molecular Biology at Oregon.

## Develops Antibodies

He told a University of Colorado audience the virus used in Salk vaccine is grown in tissue from monkey kidneys which are biologically similar to human kidneys. When inoculated with the vaccine, the human system develops antibodies against the virus as it is intended to do.

But because of the similarity between human and monkey kidneys, Novick said, the human system also may be induced to manufacture antibodies that will destroy our kidneys and cause wholesale death.

"The Salk vaccine was so widely given that such a reaction would affect virtually everyone," he said.

## "Thoroughly Investigated"

"We rushed into the program without any real reason to believe it was effective, and without taking precautions. Anyone who suggested delay was considered a monster."

Salk in Pittsburgh, replied, "This theory came up again and again many years ago. It has since been forgotten simply because it was thoroughly investigated, and there was no evidence that such a phenomenon was operative."

"Why, I'm sure that Novick has had his own children vaccinated," Novick said he had.

# GAS OUTPUT IS STATE IS DOWN

HARRISBURG (AP)—Production of natural gas on state-owned lands in 1959 decreased 34 per cent from the previous year.

"The chief cause of the decline has been our small staff in the minerals division," Forests and Waters Secretary Maurice K. Goddard said Wednesday.

But he said large areas will be opened to exploration and development after the necessary geological information is assembled.

"Once this is done, we will undoubtedly see our output go back up," Goddard added.

Goddard said the total income from rentals and royalties paid by commercial operators last year was \$1,084,303. Under state law, the money is used to build new state parks and flood control projects. Nearly all of the funds earned so far, he said, has been committed to specific projects.

The report showed a total of 7,069,311,000 cubic feet of gas was produced by wells on state forest land during the year. The amount represents about 6 per cent of the total state output.

# Morocco Demands Ouster Of Troops

PARIS (AP)—Morocco is believed to have demanded again today that French troops be withdrawn from its territory. The demand was believed to have been made in a personal letter from King Mohammed V to President Charles De Gaulle.

The Moroccan, who gained independence from France in 1956, long have insisted that all foreign troops must be withdrawn from their country. The United States and Spain already have started evacuation programs. But the French maintain that the 20,000 soldiers they have stationed in Morocco are important to Western defense.

PARIS (AP)—Gen. Maurice Challe, commander in chief in Algeria during the French settlers' uprising in January, has been promoted to the top French post with NATO.

Gen. Lauris Norstad, the North Atlantic Alliance's supreme commander in Europe, today announced Challe's appointment as commander of allied forces in Central Europe.

## TOKYO (AP)—German Chancellor Konrad Adenauer today took his first public notice of Soviet Premier Khrushchev's current campaign to break the alliance between France and West Germany.

Adenauer said the Soviet Premier had tried—and failed—to stir up French distrust against the Germans.

Earlier today, in a speech to the Japanese Diet, Adenauer said the battle against communism can only be effective if fought on the spiritual and ideological level.

# 8 CARDINALS RECEIVE RED GALERO TODAY

By FRANK BRUTTO

VATICAN CITY (AP)—Pope John XXIII today conferred the red hats symbolic of their rank on eight cardinals of the Roman Catholic church.

In a public consistory in St. Peter's Basilica the flat, broad-brimmed galero was held over the heads of seven new princes of the church and Paolo Cardinal Marella, former apostolic nuncio to France, who was named last December.

The new cardinals include the first Negro, Japanese and Filipino named to the church senate, two Italians, a Dutchman and a Frenchman.

Thousands packed St. Peter's for the ceremony, including pilgrims from Africa, the Philippines and Japan.

Cardinal Marella was the first to receive his galero.

The great basilica was hushed for the solemn words of the 78-year-old Pontiff as each cardinal knelt before him.

But when Bishop Laurian Rugambwa of Tanganyika approached the papal throne, applause broke out for the first Negro cardinal. The 6-foot, 47-year-old African prelate, whose diocese spreads for 4,000 square miles on the shore of Lake Victoria, knelt humbly before the Pope with his head bowed. He was the next to last to receive the galero.

Have 88 Cardinals

The actual ceremony lasted only about seven minutes.

These raised the membership of the Sacred College of Cardinals to 88—the highest in history. Besides Bishop Rugambwa, the six other new princes of the church are:

# Pittsburgh Is Warned Of Flood Threat; Snow, Rain

By THE ASSOCIATED PRESS

A flood warning was issued for the Pittsburgh area today as melting snow and light rains swelled rivers.

The Ohio River, formed by the merger of the Allegheny and Monongahela at Pittsburgh, was 24.5 feet and rising. Flood stage is 25 feet.

Vernon Houghton, chief river forecaster for the U. S. Weather Bureau, in a preliminary forecast said the river would crest Wednesday morning at between 29-30 feet. He added:

"This will mean considerable flooding in the Pittsburgh area."

He urged all residents to take the necessary precautions against flooding.

Minor flooding occurred in scattered sections of the state, but attention was focused on the big rivers with their huge volumes of water.

BUY CARPET  
FOR CHURCH**

The Ladies' Aid Society of St. James' United Church of Christ, along the Harney Rd., decided to purchase new carpet for the aisle of the church at the monthly meeting held on Tuesday evening at the church. Mrs. Jesse Slick was program leader. Readings were given by Mrs. John C. Chatlos and Mrs. H. Allen Walker and group singing followed. Miss Katherine Straley, secretary, gave her report. The birthday of Mrs. Glenn Myers was noted. The guest package, given by Mrs. Walker, was received by Mrs. Nevin Epley. Refreshments were served to the group by Mrs. William Fissel, Mrs. Fred Fissel and Mrs. Glenn Myers.

The Aid Society will meet again on Tuesday, April 26, at the church with the program in charge of Mrs. Allen Walker and the hostesses will be Mrs. Donald Sentz, Mrs. George Sentz Sr. and Mrs. George Sentz Jr.

Stations of the Cross and Benediction of the Blessed Sacrament will take place in St. Aloysius Catholic Church on Friday at 2:30 and 7:30 p.m. The weekly public party will be held in St. Aloysius Parish Hall on Saturday, beginning at 8 p.m. Prizes will be awarded and refreshments will be available.

**To Show Film**

A sound motion picture entitled "I Behold His Glory" will be shown in St. Paul's Lutheran Church on Palm Sunday, April 10 at 8 p.m. The public is invited to attend. The showing is being arranged by the Junior High and Senior High Departments of the Sunday School.

The Ladies' Auxiliary to the Fraternal Order of Eagles, Littlestown Aerie No. 2226 will sponsor the weekly public party at 8 o'clock Friday evening in the social room of the FOE home, W. King St.

Approximately 50 Girl Scouts attended the monthly dance on Monday evening in the social room of the Eagles Home. Music and refreshments were provided courtesy of the FOE lodge. Scout leaders in attendance were Mrs. James H. Spalding, Mrs. Charles E. Rabenstein, Mrs. Monroe G. Morelock and Mrs. Harry W. Staveland Jr. A dance will be held for the girls on Monday, April 25, from 7 to 9 p.m.

**Class Meeting Held**

The Tuck-a-Bach Class of St. John's Lutheran Church met on Tuesday evening at the home of Mrs. Paul E. King, near town, when Mrs. Jerre Hollinger and Mrs. William C. Karns were in charge of the program and entertainment. Mrs. William J. Lipsey presided in the absence of the president. There was a song service; Psalm 103, read responsively; sentence prayer, opened by Mrs. Lipsey and closed by Mrs. Karns; secretary's report, Mrs. Hollinger; treasurer's report, Mrs. King; Lord's Prayer in unison.

Group games and contests were enjoyed during the social hour and were won by Mrs. King, Mrs. Karns, Mrs. Joseph Selby, Mrs. George W. Strevig, Mrs. Earl Brumgard and Mrs. Raymond Reed. The guest package, contributed by Mrs. King, refreshments were served by Mrs. King and her daughter, Barbara.

A hat social and pound party will be featured at the next meeting of the class on Tuesday, April 26, at the home of Mrs. George Trump, near town.

**Circle Meeting Held**

Mrs. Leo Kuhn was leader at the March meeting of the Abigail Kammerer Circle of the United Lutheran Church Women of St. Paul's Lutheran Church on Tuesday evening at the church. Mrs. Kuhn introduced the topic "Missions in the Bible" and a group discussion followed. Mrs. Clinton O. Sentz, president, presided, and announced that the spring rally will be held May 19 at St. Paul's Lutheran Church, Biglerville. It was decided to begin work on the circle projects after Easter.

Mrs. John H. Riley on a chapter of the book "Middle-East Pilgrimage." The guest package, contributed by Mrs. Robert W. Gouker, was received by Mrs. George Shaeffer and Mrs. Charles E. Ritter. Mrs. Paul M. Bowman, March hostess, served refreshments. Mrs. A. G. Ealy was appointed to be leader for the next meeting on Tuesday, April 26, at the church. Mrs. Gouker will be hostess.

**FIVE DIE IN GAS  
STATION BLAST**

AUBURN, N.Y. (AP)—A gasoline station blew up Wednesday night, killing five people. The blast was so violent that all that remained where the cinder-block building had stood was a large pit filled with debris. Two women, residents of an apartment building next door, were injured. Three of the dead were firemen who had been summoned to the station in downtown Auburn because of a gasoline odor. They and two employees were inside the building when it disintegrated.

**U. S. Will Pay For  
Cranberry Loss**

WASHINGTON (AP)—The government is going to pay about 10 million dollars to cranberry growers who were unable to sell uncontaminated berries after last fall's cancer scare.

Cranberry growers had asked 15 to 20 million dollars from the government for 1959 crop losses and possible losses in the 1960 crop. They claimed there was no need for such a scare.

Emergency government loans already had been offered to growers who suffered losses because they were unable to sell their berries.

In announcing the payments Wednesday, the White House said the comptroller general had ruled them legally appropriate under a 1935 law.

**PROF'S WIFE  
IS HEROINE  
ON BROADWAY**

NEW HAVEN, Conn. (AP)—Housewives—would you chuck mop and dish towel for the glamorous life of the Broadway stage?

Come along, and see how it's done. It's a cinch, if—

You can sing, dance, have fresh good looks, and have worked hard in off-Broadway shows, on the summer circuit and on television.

The latest heroine of the real-life Broadway success story is Mrs. Jack P. Green, wife of a Yale University pharmacology professor.

You may know her better as Arlyne Frank, playing the lead role of Marian the librarian in "The Music Man." She recently replaced Barbara Cook opposite Robert Preston.

"Despite what you may have heard otherwise, there's only one way to get a job," says Miss Frank, "and that's to work hard. 'People think there are all kinds of short cuts—there aren't any short cuts.'"

She spends more than three hours a day commuting between New York and New Haven and her two lives of Broadway star-to-be and Yale faculty wife.

What about hubby?

"If he should object," says the little lady, "I don't imagine I would work."

But she adds quickly that there is no danger of that. The question of her career was settled—with an understanding it would continue—before their marriage last fall.

Besides, she says, "he's very excited and very proud."

Or, as she commented about her decision to leave her native Minneapolis, Minn., "The performing bug just was too strong—somehow I felt I had to go on with it."

Like many singing careers, Miss Frank's began during childhood.

"I've always sung—all my life," she says, "and I guess a performer needs an outlet. Eventually I found myself thinking about getting into it professionally."

It wasn't long before she was in New York City, working in the fashion service department of a magazine and taking singing lessons on the side.

"When I arrived I knew I needed more work," she says.

A year later she decided she was ready to make the theatrical rounds. Within a few months she had her first job—a lead in an off-Broadway review.

The came other off-Broadway parts, major roles in 20 summer circuit musicals, and television—soap operas, serious dramas and the lead in the "OmniBus" production of Gilbert and Sullivan's "Trial By Jury."

She was considering a summer tour in "H. M. S. Pinafore" with Martyn Greene, a veteran savvy, when the job in "The Music Man" opened up.

She owes much of her stock company experience—including her husband. While playing in New Jersey last summer, she was introduced to a young man who had come down from New Haven to watch a friend in the show.

That's right, it was Dr. Green. Time did the rest.

P. S. She still spends time pushing that mop and twirling that dish towel.

NEW BRUNSWICK, N. J. (AP)—Adoption of precocious 4-year-old Alice Marie by Mr. and Mrs. Richard Combs of Old Bridge was approved in court today.

The adoption was approved by Middlesex County Court Judge Klemmer Kalteissen.

The Combses, foster parents of the child since she was 10 months old, had been blocked in their efforts to adopt her because welfare officials considered the girl too bright for them.

A storm of public protest caused the State Child Welfare Board to reverse itself.

The five bodies were recovered. Firemen said employees of the station had been using gasoline to wash a grease rack. However, firemen said it had not been determined what set off the explosion.

The dead firemen were Lt. Alfred Murphy, 52, John Searing, 27, and Anthony Contrera, 36. Also killed were Walter Ockenfels who operated the station for the R. J. Connor Oil Co., and John Bell, a Connor employee.

**YMCA Camps Open  
July 3, Laurel Lake**

Camp Thompson, the Carlisle YMCA camp at Laurel Lake, will be conducted from July 3 to Aug. 14 for boys 7 to 15 years of age.

The first period will be from July 3 to 10, the second July 10 to 24, third July 24 to Aug. 7 and the fourth Aug. 7 to Aug. 14.

The wives of staff members will serve as camp mothers and will assist with first aid duties at the

health center. A doctor will be on call from nearby Mt. Holly Springs.

The camp fee is \$21.50 for one week and \$40 for a two week period. A fee of \$3 must accompany the application forms. Soap sales

will be available during April and May to enable boys to raise money to pay for a stay at the camp. Interested boys may obtain information from William F. Pearce, Camp Director, YMCA, Carlisle, Pa.

**CUT TRAIN FARES**

PHILADELPHIA (AP)—The Pennsylvania Railroad today cut in half fares for ladies on Wednesdays for rides to Philadelphia from surrounding Pennsylvania and New Jersey communities.

The PRR said the reduced ladies' day fares from Harrisburg, Lancaster, Coatesville and other points in Pennsylvania, and Princeton, N. J. are designed to attract women sightseers and theater goers.

## HOME SHELTER BUILDING ON INCREASE IN PA.

By HERB LINNEN

HARRISBURG (AP)—A marked increase in home shelter building has developed in Pennsylvania, the state's Civil Defense director said today.

Dr. Richard Gerstell said state CD headquarters has distributed more than 200,000 booklets in recent months telling citizens how to prepare emergency shelters.

"There is definite statewide interest in this activity and I think it contradicts the view that the public is indifferent to Civil Defense needs," Gerstell added in an interview.

### To Show Models

To meet a growing demand for more information, Gerstell said plans are in the works for constructing three full-sized models of home shelters which will be shown across the state.

"These shelters will be fully equipped and should help answer the many requests of citizens who want to know first how to build a shelter and then, what to put in it," he said.

The interest in home shelters has developed so well, he added, that many private builders are including the emergency quarters in architectural plans.

### Need Volunteers

"This is particularly encouraging to us because it serves to stimulate public acceptance of an idea that is an essential part of Civil Defense," said Gerstell.

Asked how the state CD organization was faring, he replied:

"We're not getting the number of volunteers we'd like to have. But generally speaking, I think our county and city organizations are getting stronger. They're reaching a point of efficiency which has been our goal for some time."

Contrary to some discouraging views expressed in Congress about the over-all fitness of the nation's Civil Defense program, Gerstell added Pennsylvania appears to be in good shape.

## The POWER of FAITH by Howard Brodie

In the Steps of Christ

A sense of awe stole over me when I stood in the ruins of what was once the Praetorium of Pontius Pilate in Jerusalem. The circular diagram of a game once played by Roman soldiers with condemned prisoners still is traceable on the pavement. Nearby I was shown the spot where, it is said, Jesus stood before Pilate while the mob across the pavement screamed: "Crucify him!" It was from the spot that Jesus, bearing his cross, went forth to Calvary where, mocked and nailed to the cross, He pleaded through his anguish: "Father, forgive them; for they know not what they do." (Luke 23:34)

## PENNSY FACES MAJOR STRIKE ON JOB RULES

PHILADELPHIA (AP) — The Pennsylvania Railroad faces a possible strike which could shut down the nation's largest railroad.

Some 30,000 maintenance employees of the railroad are seeking a set of job classification rules and leaders of the Transport Workers Union say they most likely will have to strike to get them.

At a membership meeting Wednesday night of Local 2013, TWU Railroad Division, Michael J. Quill, international president, predicted the 23 railroad brotherhoods representing other PRR employees would join a strike.

Francis J. Robertson, of Washington, a neutral observer, has until May 3 to render a decision on job classifications and assignments. Union leaders indicated they do not expect a favorable decision from Robertson, who held hearings here late last year.

Wednesday night's meeting was attended by four TWU international officers. It was the first of 52 meetings they plan to attend. The TWU's Railroad Division represents 20,000 of the PRR's main-

tenance employees, the System Federation Union the other 10,000.

In addition to classification rules, the maintenance employees want an hourly wage increase of 35 cents, a cost-of-living clause and a health and welfare plan. They now make from \$2.17 to \$2.65 an hour under the old contract which expired last Nov. 1 but which was extended.

The TWU Executive Committee last month authorized strike action but no tentative date was set. Negotiations have been in progress for more than two years.

The company wants to cut wages by 15 cents an hour.

Revenue Secretary Charles M. Dougherty ordered the four-day grade period Wednesday as clerks labored to clear up a heavy file of applications for new license plates and renewal stickers.

Dougherty said the department found many station wagons were incorrectly registered, causing a delay in processing.

Station wagons are being placed

in a new classification this year under 1959 legislation setting a standard license fee of \$12 for these vehicles. Previously, station wagons were classed as passenger cars or trucks, depending on their use.

## TEXAS NEGRO ASSEMBLY IS SCATTERED BY FIRE HOSES

By THE ASSOCIATED PRESS

Powerful streams of water from fire hoses churned into a group of several hundred young Texas Negroes.

A thousand others chanting the Lord's Prayer paraded through the streets to Louisiana's 34-story state capitol at Baton Rouge for a protest assembly.

Those were major developments Wednesday in the unfolding campaign of the South's Negro youth to obtain service at lunch counters traditionally reserved for white patrons.

**Chased Protectors**  
The fire hoses went into play at Marshall, a town of 30,000 in the East Texas oil and farming region, to break up an assemblage at the courthouse square protesting lunch counter incidents which had brought arrests.

The incidents started as Negroes tried for the third time in a week to patronize lunch counters. Police made 55 arrests for unlawful assembly, then took into custody 200 more who gathered at the courthouse singing the "Star Spangled Banner," "God Bless America" and similar songs.

The crowd re-formed faster than it could be thinned by arrests, at one time pressing forward to the courthouse steps only to be warned by the district attorney. When officers started freeing those who had been taken into custody and they joined the crowd outside, firemen turned loose the hoses. Order was restored.

**18 Students Ousted**  
Shortly after the 1,000 students of Southern University, Negro state college and supporters staged their rally on the capitol grounds at Baton Rouge, the university announced the ousting of 18 from its rolls.

Dr. Martin L. Harvey, university dean, said the disciplinary action was taken for "violating university regulations, relating to insubordination, and conduct unbecoming to Southern University students."

The march on the capitol by the crowd singing "What a Friend We Have in Jesus" was to protest segregation practices which had resulted Monday in the jailing of several Negro students after Louisiana's first sitdown at a white lunch counter.

**Express Sympathy**  
Other developments nationwide in the sitdown story:

1. Issuance in New York of an advisory document, for the guidance of the Episcopal Church's three million members, expressing general sympathy with the sit-in movement.

2. A 42-15 vote of the California Legislature to commend the demonstrators in the South.

3. A news conference statement by President Eisenhower of confidence that eventually America's conscience will give equal rights to all. He declined to pass judgment on stores which sell Negroes goods in some departments but bar them from lunch counters.

## Riding With Russell

So drive that your passengers will feel at home instead of wishing they were there.

Brevity may be the soul of wit and a lot of other things, but it can be the source of much short-sighted car care when it comes to service hints that are taken on the run without due consideration for all the facts involved.

We are seeing this illustrated in such ideas as the car never needs polishing or engine oil should be changed every 4,000 miles. Read further into the car maker's recommendations and we find certain important stipulations. If the car is operated in a humid climate there will be advantages in polishing and waxing. Also waxing will be needed for chrome trim protection, so why not wax everything. Cars left parked outdoors near factories will need special care for their finish regardless of how greatly improved its exterior may be.

Read on regarding oil changes and we find that those 4,000 mile refills are for ideal operating conditions. And how many cars ever operate so ideally? There are times in winter when an oil change every 500 miles would be a real help to the engine with heavy accumulations of diluent in the crankcase. Few engines can run 4,000 miles without needing additions to their oil supply. The rate of oil consumption is important. Note that it increases as the car's mileage nears the oil change period. And what about the condition of the oil that remains?

**Road Speed Exacting**  
If the engine develops a miss at higher speeds it is smart to suspect too low high tension current.

An expert in ignition work says that up to 40 per cent more voltage is required to provide the ignition needed for road speeds if coil polarity is reversed.

Plugs are to blame for missing if their insulator tip has too much by way of deposits.  
Motorists who are interested in air conditioning for the new car will be agreeably surprised at a special feature known as the viscous fan drive. This is a special fan control which, used with air conditioned models, automatically steps up fan speed whenever subhood temperatures are on the rise. It eliminates the trouble often noticed when using an air conditioner in congested traffic on a hot day.

**Mechanic Joe Speaking:**  
"Fewer motorists would be puzzled over why the modern engine is more likely to stall through flooding if they fully realized what is meant by down-draft carburetion as found in all modern fuel system design. When carburetion was updraft engines did not figure that because gas vapor is heavier than air it normally tends to fall. Thus with updraft the pistons would be sucking up vapor against its natural tendency to fall. But raw fuel, as in overchoking or if the carburetor flooded, also resisted rising. So the engine flooded less. If the modern engine stalls be careful when restarting it not to pump on the accelerator pedal."

Q. There's an occasional thumping somewhere under the front of my car when I go over rough roads. Everything about the front-end suspension has been carefully checked over. L. T.

## BUY AIR CARS

WASHINGTON (AP) — The Army announced Wednesday purchase of two air cars from the Curtis-Wright Corp. for \$31,000. The vehicles, powered by twin

aircraft engines, travel on a cushion of air. The Army plans tests of the air cars at Ft. Eustis, Va., and in the Arctic. The Army said the air cars which look like conventional auto-

mobiles have a top speed of 35 miles per hour and can carry 1,000 pounds or four passengers. Ocean covers 31 million square miles.

# EDITH HEAD HAS BIG JOB FOR 8TH YEAR

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—Edith Head, who has designed clothes for many motion pictures and—among other things—is famous for putting white gloves on Grace Kelly, has a television job which would tax the diplomacy of a State Department career man.

For the eighth consecutive year, tiny, dark-haired Miss Head will serve as official design consultant for the Academy of Motion Picture Arts and Sciences when television broadcasts its annual Oscar-awarding ceremonies on NBC Monday night.

"That really means that, as far as the stars' clothes go, I serve as a combination umpire, referee—and censor," confesses the designer.

## Really A Fashion Show

Although the annual show is partly a fashion show, there are certain ground rules of taste which Miss Head must enforce.

"Some of the rules are common sense," she explains. "For instance, I tell them to keep away from dead white—light bounces off it. Other rules are purposeful: No low décolletage since the cameras are placed high in the theater.

The special 30-minute show at 10 p.m. precedes the ceremonies. It will be pretaped in a Hollywood restaurant, and show some of the top stars and their gowns.

## Triple Play

NBC plans a triple program play in mid-April when "Wichita Town" departs the network. "People Are Funny" will slip into its vacated space on April 13, and Art Linkletter's old Friday night timespot—7:30-8—will be taken by a version of "Play Your Hunch," which will also continue as a daily feature.

Recommended tonight: All-Star Circus, ABC, 7:30-8:30 Eastern Standard Time—acts from the European Bertram Mills Circus with Joe E. Brown, host; Hour of Great Mysteries, NBC, 9-10—first of a new series, this an adaptation of "The Bat," by Mary Roberts Rinehart and Avery Hopwood, starring Helen Hayes and Jason Robards Jr.

LONDON (AP)—Queen Mother Elizabeth, who came down with influenza two days ago, was advised by her doctors to remain indoors again Wednesday. The Queen Mother, who is 59, cancelled an engagement to attend an art show Wednesday at the Tate National Gallery.

LAFAYETTE, Ind. (AP) — G. Stanley Meikle, 74, former director of the Purdue University Research Foundation, died Wednesday, apparently of a heart attack. KINGSTON, Jamaica (AP) — Harold Peat, 66, author of "Private Peat," a best seller after World War I, died Wednesday.

# 6 PUPILS TO TAKE EXAMS

The administrative office of the Littlestown High School has announced that the following members of the senior class will take the state scholarship examination on Friday in Gettysburg: Paul Altland, Judy Blocher, Wayne Garrett, Paul Plitt, Bruce Stair and Marietta Weikert.

The Adams County Schoolmen's Association met on Monday to evaluate the 16 annual career conference held last Thursday at Gettysburg College. Elmer W. Gall, Littlestown High School guidance counselor, was acting chairman for the gathering held in Littlestown. Representatives from the county office, Gettysburg College, Biglerville, Fairfield, Gettysburg, Bermudian, New Oxford and Littlestown High Schools were in attendance.

While the 10th and 11th graders from LHS attended Thursday's career conference at the college, representatives from the Army, Navy, Marines, Air Force and the women's branches of the services spoke to the seniors.

One hundred seven students from grade seven through 12 from the local high school, accompanied by Mr. and Mrs. Elmer W. Gall and Mr. and Mrs. James L. Rhoades, spent the day in New York City. The trip was sponsored by the Pennsylvania Railroad. The group traveled by bus from town to Lancaster where they boarded the train for New York. They were met by buses upon arrival in the city at 11 a.m. and then spent eight hours in the city. The group stopped at the United Nations building and the Cathedral of St. John the Divine and the remainder of the time was spent touring by bus.

The Mason and Dixon Home-makers will meet at 8 p.m. on Tuesday at the home of Mrs. Glenn Kindig, near town. Mrs. Helen Tunison, Adams County home economics extension representative, will be present to discuss the topic "Stress and Strain."

A Church of England bishop is addressed as my "my lord."

## BRITON SAYS RED ARMS PLAN UNACCEPTABLE

By MICHAEL GOLDSMITH  
GENEVA (AP)—British Minister of State David Ormsby-Gore today said the Soviet plan for total disarmament would plunge the world into anarchy.  
Ormsby-Gore told the 10-nation disarmament conference that the Soviet plan is unacceptable to the Western powers particularly because it makes no provision for an international police force to maintain world order after the big powers have liquidated their armed forces.  
Soviet delegate Valerian Zorin and other Soviet bloc speakers repeated their objections to any such international police force.  
The 13th session of the conference again produced no progress in the argument over the rival Soviet and Western disarmament plans.

**Threat To Peace**  
Speaking on behalf of all five Western delegations, Ormsby-Gore told the conference: "The strange notion of a harmoniously ordered international anarchy which underlies the third stage of the Soviet plan remains for us an utterly unrealistic conception."  
He challenged the Soviet bloc delegations to show how international order could be maintained in a world deprived of all armed forces except the internal security units foreseen in the Soviet plan.

Several Western speakers said last week this aspect of the Soviet plan would leave small nations at the mercy of their larger neighbors. An essential element of the Western disarmament plan foresees establishment of an international organization and arrangements to preserve world peace.  
Zorin and Polish Deputy Foreign Minister Marian Naszkowski said the United Nations charter was perfectly adequate to maintain world order after disarmament. Naszkowski said the Soviet bloc states saw no need for any additional peace-keeping organization.

Seized and taken into execution as the property of Edward M. Kennedy and Ruthetta R. Kennedy, husband and wife, and to be sold by me, DAWSON R. MILLER, Sheriff, Sheriff's Office, Gettysburg, Pa., on March 10, 1960.  
Ten per cent of the purchase price to be payable in cash immediately after the sale and the balance of the purchase price, plus making, docketing and recording of deed, is payable in cash five days prior to return day of the writ of execution; if conditions are not complied with the property will be resold and the defaulting purchaser will be liable for the deficiency, if any.

## 3 Of 14 Crewmen Lose Lives When Tanker Ditches At Sea

By HOWARD BENEDICT  
PATRICK AIR FORCE BASE, Fla. (AP)—An Air Force tanker plane ditched in the dark 40 miles out in the ocean and three of the 14 men aboard perished. Rescue craft pulled 11 others from the water.

The destroyer Sullivan was expected to dock at Port Canaveral within the hour with 10 of the survivors. One man was brought ashore by helicopter.

Flare-shooting, flashlight-blinking men in the water furnished their own beacons for ships and planes that went to their rescue after the big Tampa-based Stratotanker came down Wednesday night on Atlantic swells 40 miles east of Cape Canaveral, the missile test center.

**Rescue Officer**  
The Air Force said the surface craft would bring their survivors to Port Canaveral. Conditions of these men were not listed.

Lt. John Rogers, about 25, first rescuee, was brought to Patrick AFB by helicopter four hours after the tanker plane hit the sea. His condition was termed good. The Navy destroyer Sullivan picked up five men and a commercial wine tanker, the Angelo Petri, rescued three. Another surface craft, not identified, took on two survivors. Their names and conditions were not at once known.

**Left Newfoundland**  
Rescue pilots spied floating crewmen in life jackets and rubber rafts in the darkness three hours after their KC97 stratotanker went down on a flight from Newfoundland to its home station, MacDill Air Force Base in Tampa.

Helicopters and the surface ship immediately began a pickup operation in moderately calm seas with flares lighting up the darkness.

The tanker plane hit the sea about 8:30 p.m. after radioing it was preparing to ditch, reportedly because of engine trouble.

**Search All Night**  
Rescue pilots reported that wreckage of the ditched four-engine plane still was afloat.

The rescue craft continued crisscrossing the area through the night, searching for other survivors.

Newsmen were not allowed to interview Rogers when he was helped out of a helicopter at Patrick and put to bed at the base hospital. Officers said he was too tired to talk.

Cmdr. Donald M. Reed, executive officer of the St. Petersburg Coast Guard Air Station, said Rogers "didn't say a word" when he was hauled into Reed's plane on a sling lowered to the ocean surface.

**Clinging To Wreckage**  
"He was very tired," Reed said.

Reed said "we saw this man Rogers hanging onto a piece of wreckage, and hovered over him. We lowered a hoist with a sling on it, and he was able to get in."

"We saw at least two groups of four or five men in the water. When we reached the ditching area some of them were waving flashlights. We directed the two

surface ships to the men we sighted.

"Most of the plane's forward end and wings appeared intact. We couldn't see a tail."

## REDS PRESENT ANOTHER PLAN

By TOM OCHILTREE  
GENEVA (AP)—Soviet Deputy Foreign Minister Valerian Zorin proposed today that a treaty banning nuclear weapons tests be linked to a promise from world powers to renounce possession and use of atomic and hydrogen weapons. He told the 10-nation disarmament conference these two steps should be taken in advance of a general disarmament treaty. If this approach is accepted, Zorin said, it will open the way to solution of the nuclear problem as a whole and represent "an important act of confidence."

The Western powers described Zorin's move as an attempt to commit them to a moral obligation which cannot be enforced. Zorin made his proposal only a few hours before the United States and Britain planned to challenge the Soviet Union promptly to conclude an enforceable test ban treaty.

**NICE TRY**  
NOBLESVILLE, Ind. (AP)—Ten-year-old Dennis Dash had intentions when he tried to rescue a bird that flew down a chimney and into a furnace. However, he struck a match to find the bird in the furnace, and the oil ignited. Dennis escaped unhurt, but the bird was a goner.

petition between the applicants is substantial; the railroads involved are weak carriers financially; and the existing competition by other railroads and other forms of transportation would continue as strong or stronger, than at present.

"Considering all the circumstances, the change in the competitive situation between Erie and Lackawanna would reflect to the benefit of the general public, and its elimination would have no adverse effect upon adequate transportation service."

## Slayers Of Family Of 4 Are Sentenced To Hang

GARDEN CITY, Kan. (AP) — Two young felons who gambled that multiple murder would shield them from the consequences of a botched robbery have been sentenced to hang.

Richard Eugene Hickock, 28, of Edgerton, Kan., and Perry Edward Smith, 31, of Las Vegas, Nev., were convicted Tuesday of killing four members of a prominent farm family last Nov. 15.

Both men admitted participating in the crime. They said they killed so their victims couldn't identify them as the men who looted the home of Herbert W. Clutter near here.

But Hickock and Smith disagreed as to who fired shotgun shells into the heads of Clutter, 48; his wife, Bonnie, 45; a son, Kenyon, 15; and a daughter, Nancy, 16.

**Slayers Disagree**  
Hickock said Smith was the triggerman. Smith said he killed two and Hickock killed two.

Prosecutor Logan Green said it didn't make any difference. He said Smith and Hickock cooperated in the crime and were equally guilty.

After deliberating less than two

hours, the all-male jury agreed. It made no provision for mercy, thus condemning Hickock and Smith to the gallows.

**Show No Emotions**  
The defendants showed no emotion. They smiled and held whispered conversations with their guards.

At the time of the murders, Hickock and Smith were on parole from the Kansas penitentiary, where each served time for larceny. They were linked to the crime by Hickock's former cellmate.

Convict Floyd Wells, who once worked for Clutter, told Hickock that Clutter kept a large amount of money in a home safe. After the slayings, Wells told authorities Hickock had planned to rob Clutter.

Wells' information about the money was false.

After Andrew Johnson became President of the United States in 1865 he was nicknamed "Sir Veto" because he vetoed so many congressional bills.

## SYMINGTON TO TALK MONDAY AT CARLISLE

HARRISBURG (AP)—Gov. Lawrence will not be present for Sen. Stuart Symington's first appearance in Pennsylvania since declaring himself a candidate for the Democratic presidential nomination.

Lawrence's office said Tuesday the Democratic governor has declined with regret an invitation to a fund-raising dinner Monday night sponsored by Cumberland County Democrats.

Symington will discuss the issues of the 1960 campaign and their effects on central Pennsylvania, said county Democratic chairman H.C. Erickson.

**Other Engagements**  
An administration spokesman said two western Pennsylvania speaking engagements, arranged before Symington's appearance was announced, will prevent the governor from attending the dinner to be held in nearby Mechanicsburg.

Lawrence has repeatedly said he is uncommitted to any Democratic presidential hopeful and that he will maintain his neutrality until the party nominating convention in July.

Speculation that Lawrence was interested in Symington's candidacy was fanned when he spoke at a dinner given by Missouri Democrats several weeks ago. Symington also attended, but Lawrence insisted his own appearance had no political significance.

**Not Starting Boon**  
Erickson insisted the dinner was not intended to start a statewide boom for Symington.

In another development, John S. Rice, state Democratic chairman and secretary of the Commonwealth, denied published reports that he is booming Lawrence to deliver the keynote address at the July convention.

However, he added, if the keynote honor comes to Pennsylvania "there is no one more qualified to deliver this address than Gov. Lawrence by virtue of his position as governor and his long service to the Democratic Party."

"I wish to add that I am not urging such a selection, and, in fact, the governor is not interested in this assignment," Rice said.

**NEW YORK (AP)**—A course to help students achieve happy home lives — including tips on how to date and how to be popular — will start next fall in New York City high schools. The one-semester, elective course for boys and girls is intended to help "create wholesome and responsible individuals."

## BRIEFS

**BOSTON (AP)** — Gov. Foster Furcolo's proposal for a referendum on the question of abolition of capital punishment was turned down Tuesday in the Massachusetts House. There was no debate, nor recorded vote.

**CHICAGO (AP)** — Dr. Lawrence A. Kimpton, 49, chancellor of the University of Chicago since 1951, resigned Tuesday but he says he is not planning to take over as head of another university.

Kimpton said he is leaving his post because he has achieved the goals he set when he was named to succeed Robert Maynard Hutchins and he believes the welfare of the university requires a periodic change in leadership.

**WASHINGTON (AP)** — The Senate has sent to President Eisenhower a bill to cut the night club and cabaret tax from 20 to 10 per cent.

There was no debate and the measure was approved by the Senate in a voice vote. The House had previously passed it.

If the President approves it, the tax cut would become effective May 1.

**TOKYO (AP)** — Red China announced that it plans to hike its steel production this year to 18,400,000 tons, a 38 per cent boost over 1959.

Vice Premier Li Fu-chun told cheering members of the nation's Parliament in Peking that Communist China will continue its "big leap forward" by also turning out 27½ million tons of pig iron, 34 per cent more than 1959; and 425 million tons of coal, 22 per cent above last year's production.

**GENEVA (AP)** — The nuclear test suspension conference called off its session Wednesday while the American and British delegations bowed up on the proposals agreed on by President Eisenhower and Prime Minister Harold Macmillan.

The conference since last Thursday has postponed its meetings each day to await the outcome of the Eisenhower-Macmillan talks.

**SAN MARINO (AP)** — Onofrio Pastori, who served 10 terms as chief of state of this tiny Italian peninsula republic, died Tuesday night of a heart ailment. He was 89. San Marino has twin chiefs of state, called captains regent, who are elected by Parliament for six-month terms.

## TERM POLARIS TEST SUCCESS

CAPE CANAVERAL, Fla. (AP) — The Navy has claimed another

significant success in one field of missilery in which the United States is believed far ahead of the Soviet Union—the Polaris submarine missile.

A near-operational model of the Polaris bolted from a moving

ship Tuesday night and the Pentagon announced that early indications were the test was completely successful.

However, it appeared to many observers that the second stage performed abnormally. Some said

it seemed to blow up and fall into the ocean.

**Deny Explosion**  
The Navy denied the missile exploded. But an informed source reported there were "anomalies in the telemetry received from the

second stage." The test was the first in which all operational equipment except the nuclear warhead was carried on the missile. This included the inertial guidance, navigation, fire control and launching equipment.

## Quiet, Simple, Rural Life Not Recommended At Confab

By BILL RAWLINS  
KNOXVILLE, Tenn. (AP)—Like a lot of us city slickers, you've probably hankered for a long time to settle down on a farm and live the quiet, simple life.

But speakers at a week-long conference on farm credit, indicate that it's anything but quiet, and their statistics indicate it's anything but simple.

Farmers, like some of the rest of us, are up to their ears in debt — and if they're not, they just can't keep up with the agricultural Joneses.

The problem, as outlined by various speakers, is that farming is now a big business, and it has to be financed like big business. The little guy apparently faces tough going.

**Sounds Warning**  
Take this note from Lee R. Martin, of the University of Arkansas Department of Agriculture:

"There seems to be general agreement among our profession that we aren't going to need— even by 1975—the additional product that increased efficiency in Southern agriculture will bring us."

To make his point, Martin said, "Let us commence with some elementary considerations of capital." Then, he added, "We take as the production function 'Y equals F (X1, X2, X3...Xn)'."

**Counts In Free Labor**  
This is a formula to show that farm income is related to productivity times the increment to income per acre of land used.

Remember that we said about it not being simple?

Other speakers made the point it takes an investment ranging from \$30,000 to more than \$100,000 to operate a farm returning an annual income of about \$3,500.

## SAY ACADEMY AWARD VOTES FOOLPROOF

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD (AP)—Rig the Oscar vote? Not a chance. It might be easier to try tampering with the Electoral College.

This was my conclusion after a talk with Bill Miller, the man in charge of counting the Academy ballots for the Price Waterhouse accounting firm.

There's no chance of a fiasco like the New York banking firm's experience with the \$64,000 TV show. Remember how a bank of

—more than \$500 below the median earning of semi-skilled work—the free labor of papa, mama and ers in industry. This figure in the free labor of papa, mama and all the kids.

How about a nice garden in your back yard?

My assistant also carries a set

ficer stood by with two armed guards and handed over the "secret" questions?

**Method Is Explained**  
"We don't get the academy results from the academy," Miller explained. "We get them directly from the voters. We send out the ballots and they are returned to us. After they are counted, the results are put in envelopes that aren't opened until the announcements are made on the stage of the Pantages Theater."

Miller and three assistants start the tally today in a locked room. All ballots, notes and adding machine totals are kept under lock and key. Total time for counting: 100 man hours.

The results are finished about Monday noon. Miller prints the winners on cards in large letters—so vain actors won't have to use their specs onstage—and seals them in envelopes. There are duplicate sets of envelopes.

**Tells Of Safeguard**  
"Contrary to the publicity, I am not the only person equipped with the results," said Miller, a good-looking, crewcut grad of the University of Southern California. "My assistant also carries a set

## Social Security

Q. I made \$1,800 net as a self-employed person in 1959, but I have a wife and three children. Doesn't that exempt me from filing a self-employment tax return?

A. Even though you may not be subject to the income tax because of your exemptions, the fact that you had self-employment income of \$400 or more requires your filing an income tax return and paying the social security self-employment tax—that is, unless you are specifically excluded from coverage, as a self-

of the envelopes to the theater, in case anything should happen to me."

The Academy has not always had such security. In the early years, the board of directors counted the ballots and there were the inevitable cries of fraud from bum losers. Price Waterhouse was hired in 1934 to assure that all was on the up-and-up.

employed doctor, for example. Q. I've just discovered that I should have paid the social security tax on my self-employment income which has been over \$400 for the past several years. Can I pay up now and get social security credits?

A. While you are legally responsible for paying all taxes due, credit for self-employment income can be given on your social security account only as far back as 1956, and to get credit for 1956, your tax return for that year must be filed on or before April 15, 1960.

Q. May a person who makes less than \$400 net from self-employment report these earnings for self-employment tax purposes?

A. No. The sole exception to the \$400 net earnings requirement is that the farmer may report if his gross farm income was not over \$1,800 even though he had less than \$400 net or even a loss. Under the optional reporting system, such a farmer may report 2/3 of his gross income if this gross amounts to as much as \$600.

# CONSUMER IS UNEASY ABOUT NEW INFLATION

By SAM DAWSON

NEW YORK (AP)—The consumer seems less sure than the bankers that the threat of further inflation is a dead duck right now.

The guardians of our money tend to judge inflation by whatever money is tight or plentiful, whether interest rates are rising or falling. Right now money and credit are easier and many types of interest charges are slipping.

So the money managers in Washington and the bankers around the nation see the threat of another spurt of inflation allayed.

## A Second Yardstick

Consumers have another yardstick: How much it costs them to live as they want to, and how much it may cost them later on. If it costs them more, or seems likely to in the future, price inflation isn't an academic question for consumers—no matter of statistics and charts—it's just a hard fact of life.

And right now, consumers are well aware of the rising costs of services, that raise the total of their outgo each year.

Surveys of their buying intentions—that popular horoscope for retailers and manufacturers—show that consumers think prices of many things are likely to go on rising. That makes today look like a better time to buy than later, if they can find the money or the credit to do so.

## Some Are Surprised

The government's report that the cost-of-living index was at its peak in February and still is headed that way surprised a few consumers.

And a glowing report this week by the University of Michigan's Survey Research Center that three out of four Americans think good times will be around for 12 months more ended on this note: "The only dark point is concern confidence over the previous one in November, when the steel strike and its possible aftermath colored most thinking."

At least two-thirds of the families questioned expect higher prices.

How much that colors their expressed intentions of buying more items big and small this year the center doesn't venture to assay. But for trade and industry the big thing is that they say they are in more of a buying mood, and not why they are.

The survey taken in the first months of this year shows a decided improvement in consumer with inflation."

## MIDNIGHT TOUR

PHILADELPHIA (AP)—Explorers Scouts of Lebanon are scheduled to take part in a City at midnight tour on April 1.

Included in the tour, from 10 p.m. until dawn, will be visits to city hall, a fire house, Municipal Pier 11 North and Philadelphia International Airport, the city representative's office announced today.

BOWLING GREEN, Ohio (AP)—A Michigan man en route to Tennessee for his wife's funeral joined her in death Wednesday when his car smashed into a truck.

Jimmie McFalls, 49, of Dearborn, Mich., was headed for Erin, Tenn., where Bessie McFalls was to be buried, when his auto went out of control on a curve east of here on U.S. 6. Four passengers in the car were hurt—two of them McFalls' teen-age sons. The truck driver was uninjured.

Church on Sunday, April 10, at the 10:45 a.m. service.

Edwin Stoner, a member of the Fairfield Mennonite Church, is attending a senior extension conference being held in Guelph, Ontario.

Glenn Musselman Jr., proprietor of Musselman's Greenhouses, demonstrated flower arrangements at a joint meeting of the Altar and Dorcas Guilds of Zion Lutheran Church at a meeting on Wednesday evening in the parish hall.

## 5 NABBED IN BOOKIE RAID

PATERSON, N.J. (AP)—Police led by detectives from the Bergen and Passaic counties prosecutors' offices raided two homes, a store and a factory Wednesday and arrested five persons on bookmaking charges.

Passaic County Prosecutor John G. Theovos, acting on information

from Guy W. Calissi, his Bergen counterpart, made three of the raids.

Anthony Cironi, 46, of Paterson, was arrested on charges of bookmaking. The owner of the house, Harry Roemo, was also arrested and accused of allowing the premises to be used for gambling.

In Clifton, Mrs. Dorothy Isbell, 45, was arrested in her home and charged with bookmaking. John Monaco, 49, was arrested in his store and also charged with bookmaking.

## FINE SURGEON FOR CONTEMPT

PHILADELPHIA (AP)—A surgeon who was absent from court as a damage suit witness while

In Wood-Ridge, Calissi led a raid on the Wright Aeronautical plant. A machine operator, Gus Navy, 44, Teaneck, was arrested and charged with bookmaking. Calissi said he didn't know of any connection between the four operations.

performing two operations has been censured and fined \$150.

"I have never seen such an arrogant display of contempt of court in my life," said U.S. District Judge Thomas J. Clary Wednesday in fining Dr. Abraham Myers, of Merion.

Myers had been examined as a witness Tuesday for John J. DiGaetano, of Morton, who was suing the Pennsylvania Railroad in an injury case. He was to have returned after the noon recess.

The judge and jury waited 45

minutes for him to reappear. Then the judge adjourned the court until the next day.

Myers said he performed two operations at Jefferson Hospital, and then went back to the court to find it dismissed.

# PLAN TO PROBE FPC RELATIONS WITH LAWYER

By GEOFFREY GOULD

WASHINGTON (AP)—The Justice Department has started a preliminary investigation of lawyer Thomas G. (Tommy the Cork) Corcoran's relations with members of the Federal Power Commission.

Three FPC members, including Chairman Jerome K. Kuykendall, acknowledged that Corcoran talked privately with them while a case of the Midwestern Gas Transmission Co. was pending before the FPC. Corcoran was an attorney for a parent firm of the pipeline company.

The Justice Department spokesman said the first step will be to examine Kuykendall's testimony before a congressional committee last week.

Denies Impropriety

Kuykendall denied any impropriety in the private conversations with Corcoran, as did the other two commissioners who talked to him. Corcoran was a leading New Deal figure in the administration of Franklin D. Roosevelt.

The case involved Midwestern's application to build a pipeline to bring Canadian natural gas from the Minnesota border to Marshfield, Wis.

Midwestern, which is a subsidiary of Tennessee Gas Transmission Co., argued that it needed a rate of return on its investment of 7 per cent in order to borrow the money to build the pipeline.

FPC staff members recommended a rate of return of 6 1/2 per cent, the rate the parent Tennessee firm is allowed and which prevails widely in the industry.

The FPC late last October finally decided to leave the rate of return question open and grant Midwestern a certificate.

# \$20,000 Windfall Sets Family Of 10 On Travels

NEW YORK (AP)—What would you do with a windfall of \$20,000? Vernon O. Johnson bought a 13-year-old bus, converted it into a mobile home for himself, his wife and their eight children—and set out to see the world.

Johnson, 39, a real estate man, and his family lived in Santa Barbara, Calif.

When a business deal produced an unexpected \$20,000 profit, Johnson decided to pack up and start moving.

"Live Up To Hilt"

"We always believe in living up to the hilt," he said on his arrival Tuesday with his family after a leisurely, month-long, cross-country junket.

Today the Johnsons and their bus-home will leave for Italy aboard the liner Vulcania.

From Italy, they'll tour southern Europe. The summer months will be spent in Scandinavia.

The winter months will find them visiting Egypt, India and the Far East.

Study Along Way

The Johnson children range in age from 2 to 17. Christie, the oldest, was just graduated from high school.

# POULTRYMEN JOIN HOFFA'S TEAMSTERS

ATLANTIC CITY, N.J. (AP)—The Teamsters Union got a foot in New Jersey's barnyard Tuesday when 1,000 poultry farmers shouted acceptance to join the controversial union.

The farmers, from the poultry areas of Vineland and Lakewood, had invited Teamsters President James R. Hoffa to address them Tuesday night. Hoffa offered to

organize the farmers. They accepted with but one dissenting vote.

Hoffa said he would urge Teamsters councils in other states to press campaigns to recruit farm groups for the union.

Protest Prices

New Jersey poultry farmers have been protesting depressed prices in the chicken and egg markets. Several groups have gone to Washington to seek congressional aid.

"Congress turned you away when you tried to bring them your problems," said Hoffa, "problems that could have easily been legislated away."

"Your salvation lies in one place—in a united concerted ac-

tion," he added.

Carleton E. Heritage, president of the New Jersey Farm Bureau, said he didn't think unionization was the answer to low farm prices.

"Unions are not set up for that sort of thing," he said. "It is against the law for unions to bargain for prices."

**Lasting Barrier Against Crabgrass**

Same as we use screens to keep bugs out of the house, we'll use HALTS\* to keep crabgrass out of the lawn. By spreading HALTS properly with the Scotts Spreader now, we'll be laying down an overall protective blanket on every bit of the lawn.

Later, when crabgrass sprouts—bing! —HALTS nips it, shoot by shoot. It's the best answer to crabgrass, ever.

More and more folks are coming to us for advice on improving their lawns through an easy-to-follow Scotts Program. Come in anytime. We'll be glad to prescribe the correct Program for your lawn.

## GIRL, 14, KILLS CLASSMATE IN TEXAS SCHOOL

ALICE, Tex. (AP) — Donna Divorak slept restlessly. Finally she awoke at 2 a.m., tormented by fears for a friend's life. Then she reached a painful decision.

She slipped through her darkened home to where the family kept a .22 target pistol. She put it in her school bag.

And Wednesday she arose from her seat in the back of a classroom at Dubose Junior High and shot and killed Bobby Whitford, 15, sitting 25 feet away at the front of the class.

This was the story the petite, blonde 14-year-old told Deputy Sheriff Bob Miller and reporters. Friends called the girl quiet when with people, but tomboyish. She is an expert with firearms.

Her lawyer, Homer Dean Jr., issued a statement that "in her 14-year-old mind" the girl thought she "did the right thing in protecting a friend."

**Considered A Threat**  
Donna's story related that young Whitford and Kate McCoy, 15, dated for a time. Then Kate broke off the romance.

Whitford went to the McCoy home and declared:  
"If Kate won't go out with me, she won't go out with anyone."

Donna, a close friend of Kate, told officers she considered the statement a threat against Kate's life.

Donna ducked behind her desk and placed cartridges in the weapon moments before she fired.

The shooting occurred during a science class with about 20 pupils in the room. Teacher George Frank took the pistol from Donna without a struggle.

She was charged with being a delinquent juvenile, the only charge that can be placed against

## Students To Work For U. S. Senator

WASHINGTON (AP)—Nine New Jersey newspapermen will pick high school students to work in Sen. Harrison A. Williams' office this summer.

Williams named the newsmen Wednesday as judges in his second annual Senate summer scholarship program. The newsmen will review entries of high school juniors and seniors applying for three weeks of work and study in Williams' office here.

Those named by Williams, a Democrat, included Bruce Mair, executive editor Perth Amboy Evening News; and Ben Leichter, editor, Vineland Times Journal.

## Legal Red Tape Stops Ginny Tiu

LOS ANGELES (AP)—Chinese-born Ginny Tiu is out of work today—a victim of the inscrutable Occident's red tape.

Ginny, age 6, had been singing and dancing in two shows a night at a Sunset Strip night club.

But the State Division of Labor Law Enforcement told her father, William Tiu, Wednesday that she was performing in violation of state labor laws. The agency said father Tiu must get clearance from the City School Board before applying for a labor permit for his daughter.

The father argued in vain that he tutors Ginny himself, that she is an alien and therefore not subject to state labor laws.

The U.S. Department of Commerce estimates that the 1960 population of the United States, including armed forces overseas, is 179,834,690.

a person of her age in Texas. Donna was committed to the Martineau Juvenile Hall in Corpus Christi, Tex., pending a hearing April 6.

## RAIL MERGER CREATES 12TH LARGEST RR

NEW YORK (AP)—Merger of the Erie Railroad Co. and the Delaware, Lackawanna & Western Railroad Co. will create the 12th ranking line in total revenues among the nation's railroads.

An Interstate Commerce Commission examiner Wednesday recommended approval of the proposed merger. The ICC will now proceed to consider the examiner's recommendations.

The resulting company, to be known as the Erie-Lackawanna System, will cover 3,119 miles with about 7,500 miles of track. It will have 700 diesel locomotive units, 33,000 freight cars and 1,200 passenger cars. Assets will total 737 million dollars.

**To Realize Operations**  
A spokesman for the Lackawanna Railroad said that under the merger an increase of 13½ million dollars in annual net income is expected within five years.

The merger will involve considerable realignment of operations. Passenger service between Jersey City-Hoboken, N.J., and Chicago will be by way of Scranton, Binghamton and Buffalo, N.Y., and Youngstown, Cleveland and Akron, Ohio. This is the present Lackawanna main route.

Freight trains will take advantage of the Erie Railroad's better grades and run from Jersey City to Port Jervis, Susquehanna and Buffalo, from where they will continue to Chicago on Lackawanna trackage.

Secondary routes will serve such points as Utica, Syracuse, Oswego and Rochester, N.Y., Kingston, Pa., Cleveland and Dayton, Ohio.

Railroad spokesmen said there would be minor consolidation of trackage but at this time there were no plans for elimination of

## NEGRO VOTE MEASURE UP TO SENATORS

By JOHN CHADWICK  
WASHINGTON (AP)—The Senate moved toward a showdown today on the kind of proceedings to require for Negroes seeking to register before court-appointed voting registrars.

A House-passed bill provides for simple, uncontested hearings. The Senate Judiciary Committee adopted 7-6 an amendment to require two days advance notice of the hearings and permit county and state registrars to sit in. There was a dispute over whether they could actively participate.

Opponents of the committee amendment said the outcome could be crucial to the effectiveness of the plan for court-appointed referees to protect Negro voting rights.

**Surprise Senate Move**

Opponents of the committee amendment said the outcome could be crucial to the effectiveness of the plan for court-appointed referees to protect Negro voting rights.

**Surprise Senate Move**  
The issue was left dangling Wednesday night after the Senate, in a surprise burst of speed, took up the House measure and adopted all the other amendments recommended by the committee.

Sen. Sam J. Ervin Jr. (D-NC) said this didn't signal any col-

lapse of the fight he and other Southern senators have been waging against the passage of civil rights legislation.

"We just thought all the committee amendments improved the bill," he told a reporter.

**Improve Voting Referee**  
Sen. Jacob K. Javits (R-NY) foresaw the possibility nonetheless that the long Senate battle over civil rights, now in its seventh week, might be concluded by the middle of next week.

Sen. Estes Kefauver (D-Tenn) sponsored the amendment to let city and state officials sit in on the registration hearings and make a transcript of the proceedings.

Sen. Sam J. Ervin Jr. (D-NC) said this didn't signal any col-
